Dear Mr. LeMay:

Unit P

Request for Unorthodox Location - Meyer B-17 No. 3, 1280' FSL & 480' FEL,
Section 17, T21S, R36E, Lea County, NM. Eumont Yates Gas Pool.

Conoco Inc., respectfully requests administrative approval to drill the subject well at an unorthodox location in Unit P, 1280' FSL & 480' FEL of Section 17, T21S, R36E, Lea County, New Mexico. This well is a replacement well for Meyer B-17 No. 1, located 1980' FSL & 660' FEL of Section 17, T21S, R36E, which was contributed to Chevron's Eunice Monument South Unit.

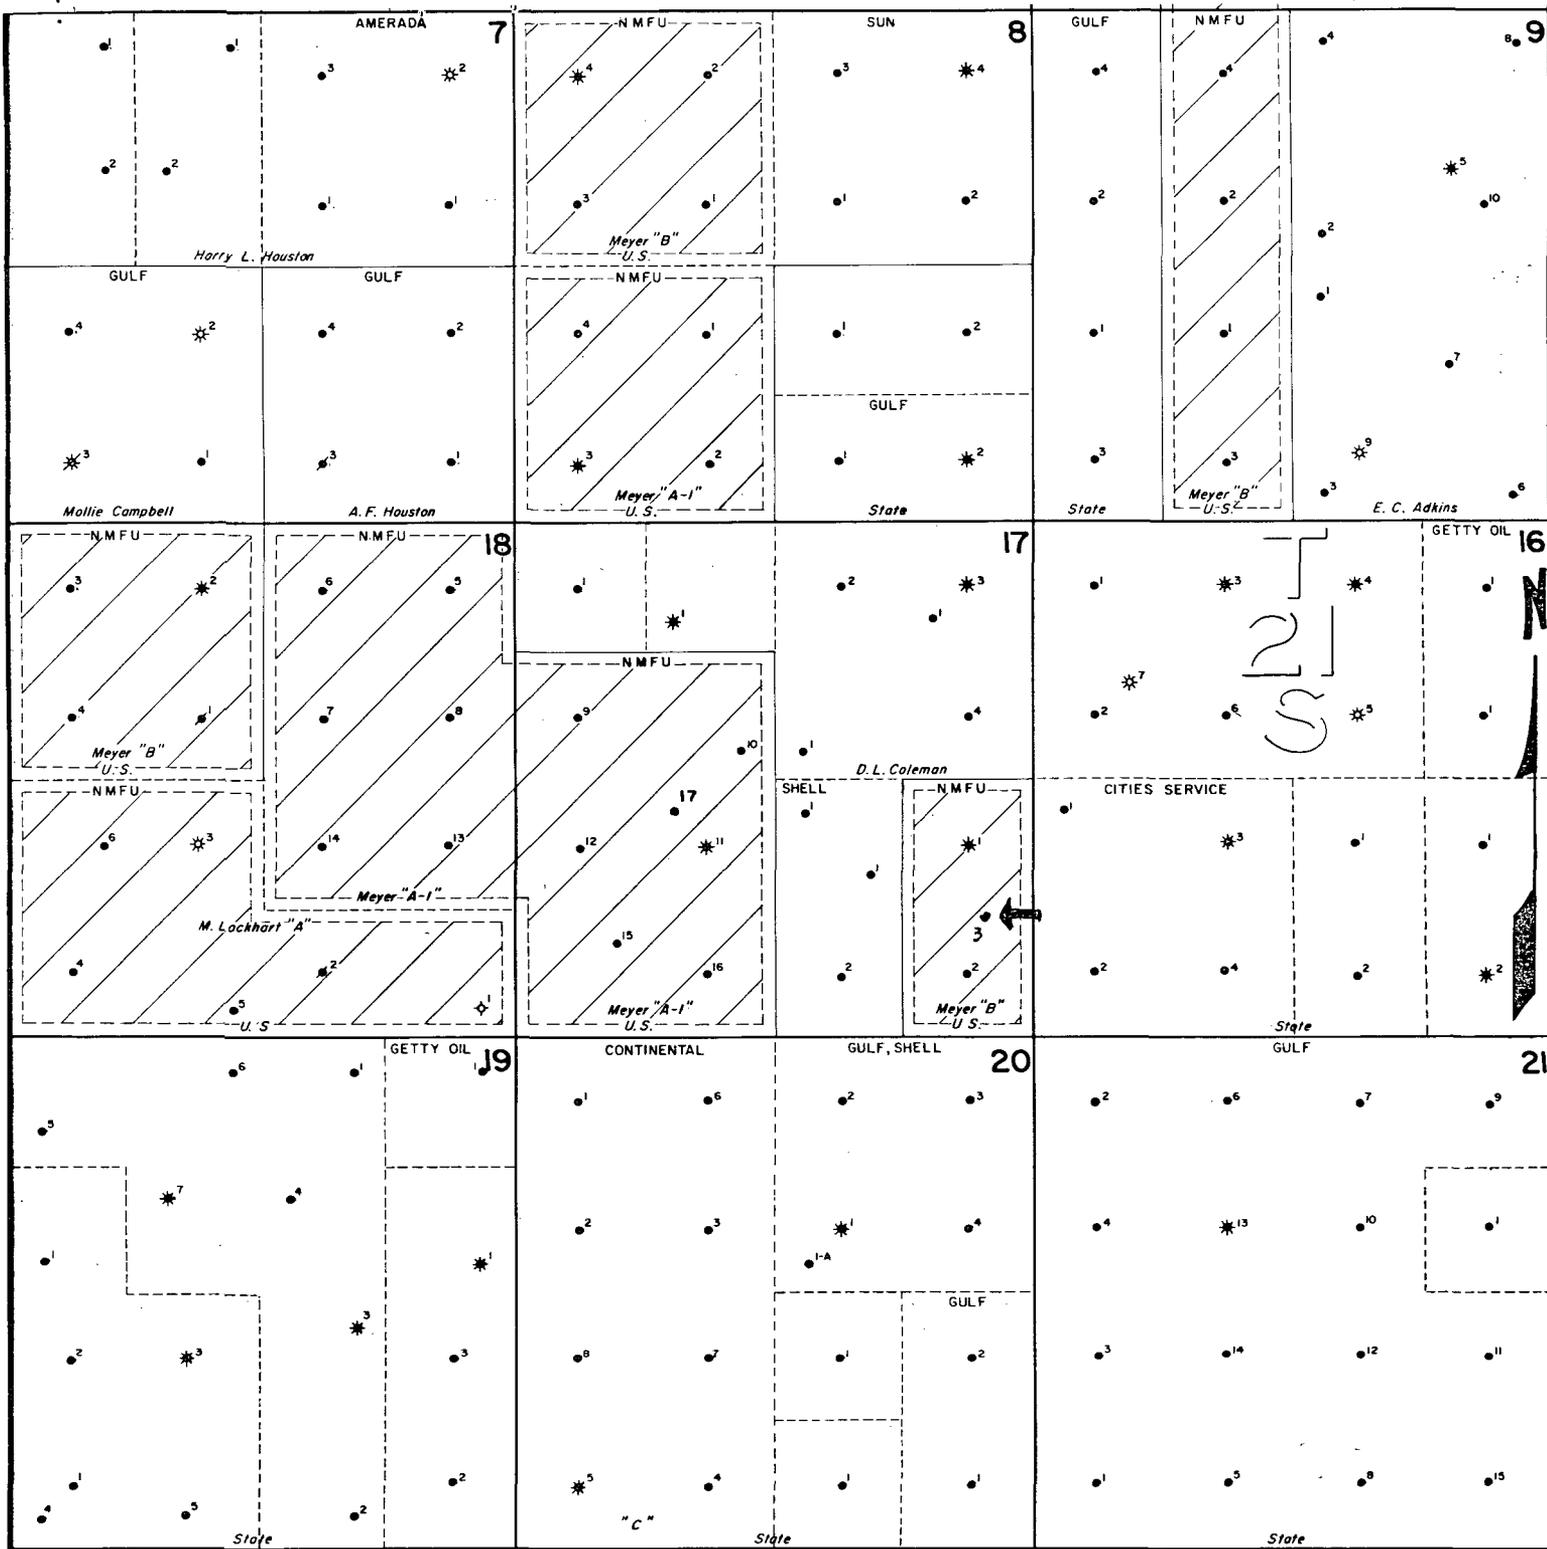

The unorthodox location for the subject well is necessary to avoid existing wells, powerlines, gas pipelines, and water transfer lines. The attached plat shows approximate location of the existing obstructions.

Attached is a map showing offset operators, Form C-102 showing the well location and dedication, and a list of offset operators. Please contact Ceal Yarbrough of this office if you have any questions.

Yours very truly,

David L. Wacker
