RE: Request for Administrative
Approval of an Unorthodox
Location
Jicarilla 458 #6
1050' FNL & 1700' FWL
Section 8, T30N, R3W
Rio Arriba County, New Mexico

Dear Mr. LeMay:

We request administrative approval of an unorthodox location for our Jicarilla 458 #6 East Blanco Pictured Cliffs formation gas well as referenced above. This well is located in an irregular section which forces dedication of 150.35 acres to this location. Due to the rough terrain found in this spacing unit, as evidenced by the attached topographic map, this location is staked thirty feet (30') south of the normal spacing requirements.

Robert L. Bayless is the operator of all surrounding 160 acre tracts to this well, so no offset leaseholders will be adversely affected by the location of this well. Consequently, NMOCD Regulations concerning the notification of offset leaseholders does not apply.

Yours truly,

Kevin H. McCord
Petroleum Engineer
