Attention: Peggy Bradfield

Administrative Order NSL-2735

Dear Ms. Bradfield:

Reference is made to your application of November 27, 1989 for a non-standard coal gas well location for your existing Canyon Largo Unit Well No. 41 located 990 feet from the South line and East lines (Unit P) of Section 24, Township 25 North, Range 6 West, NMPM, Basin Fruitland Coal (Gas) Pool, Rio Arriba County, New Mexico, which is presently completed at a standard gas well location in the South Blanco Pictured Cliffs Pool. The E/2 of said Section 24 shall be dedicated to the well forming a standard 320-acre gas spacing and proration unit for said pool.

By the authority granted me under the provisions of Rule 8 of the Special Rules and Regulations for the Basin-Fruitland Coal (Gas) Pool as promulgated by Division Order No. R-8768, the above-described unorthodox coal gas well location is hereby approved.

Sincerely,

William J. LeMay
