Attention: Gene Linton

*Administrative Order NSL-2752*

Dear Mr. Linton:

Reference is made to your application of January 2, 1990 for a non-standard oil well location to permit the completion of an efficient production/injection pattern within an active secondary recovery project for your Lovington Paddock Unit Well No. 84 to be located 2285 feet from the South line and 1100 feet from the East line (Unit I) of Section 36, Township 16 South, Range 36 East, NMPM, Lovington Paddock Pool, Lovington Paddock Waterflood Project Area, Lea County, New Mexico. The NE/4 SE/4 of said Section 36 to be dedicated to the well forming a standard 40-acre oil spacing and proration unit.

By the authority granted me under the provisions of General Rule 104 F(I), the above-described unorthodox oil well location is hereby approved.

Sincerely,

A handwritten signature in cursive script, appearing to read "William J. LeMay".
