Attention: Sylvia F. Little

Administrative Order NSL-2761

Dear Ms. Little:

Reference is made to your application of February 14, 1990 for a non-standard coal gas well location for your existing Wiedemer Well No. 3 located 1700 feet from the South line and 790 feet from the East line (Unit I) of Section 34, Township 27 North, Range 10 West, NMPM, Basin Fruitland Coal (Gas) Pool, San Juan County, New Mexico, which is presently completed in the Fulcher Kutz-Pictured Cliffs Pool. The S/2 of said Section 34 shall be dedicated to the well forming a standard 320-acre gas spacing and proration unit for said pool.

By the authority granted me under the provisions of Rule 8 of the Special Rules and Regulations for the Basin-Fruitland Coal (Gas) Pool as promulgated by Division Order No. R-8768, the above-described unorthodox coal gas well location is hereby approved.

Sincerely,

A handwritten signature in dark ink, appearing to read "William J. LeMay". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
