Attention: Mr. William J. LeMay - Director

Gentlemen:

Chevron U.S.A. Inc. respectfully requests your approval of our administrative application for the subject Unorthodox Gas Well Location and Simultaneous Dedication.

We are currently planning to drill the ~~R. R. Bell (NCT-F)~~
~~Well No. 3~~, and complete this well in the Eumont Yates 7
Rvrs Qn (Pro Gas) Pool. This well will be located 1520
feet FNL and 1820 feet FWL of Section 36, T-20-S, R-36-E,
Lea County, New Mexico. This location will be within an
existing 320-acre Eumont Gas Proration Unit currently
dedicated to Chevron's existing R. R. Bell (NCT-F) Well
No. 2 (NSP Order-185). We plan to Simultaneously Dedicate
this 320-acres to both of these wells. The location was
chosen to avoid pipelines in the area and will be
unorthodox in that it is less than 330 feet from the
quarter-quarter section line. Also, per conversation with
Mr. Michael Stogner on September 25, 1990, we were advised
to proceed with this application administratively.

In order to prevent waste, Chevron respectfully requests
your approval of this administrative application under the

provisions of Rule 104 (F). Attached are a map showing offset operators and a Form C-102. A copy of this letter and attachments are being furnished to the Offset Operators by Certified Mail, as notice of this application.

Yours very truly,

A handwritten signature in cursive script, appearing to read "Alan W. Bohling".
