Attention: Mr. Mike Stogner

Dear Mr. Stogner:

M. Dodd A. No. 44
990' FSL, 2360' FWL
Section 22, T-17S, R-29E
Eddy County, New Mexico

This well will be completed in the Grayburg San Andres formation in the Grayburg Jackson Seven Rivers Queen Grayburg San Andres Pool. Note that this location is no closer then 330 feet to an outer boundary of the lease, nor closer than 10 feet to any quarter-quarter section line or subdivision inner boundary.

Attached to this application are the following exhibits:

A. Well location and Acreage Dedication Plat (form C-102) filed with the Artesia office of the Oil Conservation Division (Exhibit A).

B. A plat showing the proposed unorthodox location, the respective proration unit, and the offsetting proration units including their ownership (Exhibit B).

C. Copies of the letters of notification sent to operators or owners of proration units offsetting the proration unit containing the proposed unorthodox location.

The letters attached as Exhibit "C" have been sent to each offset operator by certified mail and they have been requested to notify you if they have any objections. Note that with the exception of the operators notified, Marbob Energy Corporation is the operator of all offsetting proration units in the Grayburg San Andres formation of the Grayburg Jackson Seven Rivers Queen Grayburg San Andres Pool

Thank you very much for your help in this matter. Should you have any further questions or be in need of additional information, please feel free to call.

Sincerely,
