Farmington, NM 87499-4289

Attention: Peggy Bradfield

*Administrative Order NSL-2952*

Dear Ms. Bradfield:

Reference is made to your application dated October 22, 1990 for a non-standard Basin-Fruitland coal gas well location for your existing Jicarilla "123" C Well No. 26 which was drilled in 1977 and completed in the South Blanco Pictured Cliffs Pool at a standard gas well location 1500 feet from the South line and 1812 feet from the East line (Unit J) of Section 8, Township 25 North, Range 4 West, NMPM, Rio Arriba County, New Mexico.

It is my understanding that the Pictured Cliffs zone will be properly plugged back and said well will be recompleted to the Basin-Fruitland Coal Gas Pool, which pursuant to the Special Rules and Regulations for the Basin-Fruitland Coal Gas Pool as promulgated by Division Order No. R-8768, is unorthodox. Further, the E/2 of said Section 8 shall be dedicated to the well forming a standard 320-acre gas spacing and proration unit for said pool.

By the authority granted me under the provisions of Rule 8 of said Division Order No. R-8768, the above-described unorthodox coal gas well location is hereby approved.

Sincerely,

William J. LeMay  
Director
