May 28, 1991

Doyle Hartman
P.O. Box 10426
Midland, Texas 79702

Attention: Patrick K. Worrell

Administrative Order NSL-3016(SD)

Dear Mr. Worrell:

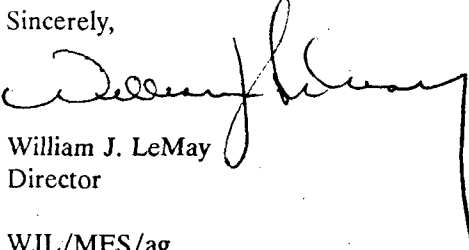

Reference is made to your applications dated April 22 and May 1, 1991, for an unorthodox Eumont gas well location on an existing non-standard 280-acre gas spacing and proration unit (GPU) for said Eumont Gas Pool comprising the SE/4 SW/4 and SE/4 of Section 5 and the NE/4 NE/4 and NE/4 NW/4 of Section 8, Township 20 South, Range 37 East, NMPM, Lea County, New Mexico. Said GPU was authorized by Division Order R-9199, dated June 15, 1990 and presently has simultaneously dedicated thereon the Britt-Laughlin Com Well Nos. 1 and 6 located respectively in Unit C of said Section 8 and Unit I of said Section 5.

It is our understanding that Doyle Hartman recently re-entered and recompleted as a Eumont gas producer the previously plugged and abandoned Graham Royalty, Ltd. Laughlin Well No. 4 located 660 feet from the North and East lines (Unit A) of said Section 8, which is unorthodox pursuant to RULE 2(b)4 of the Special Rules and Regulations for the Eumont Gas Pool, as promulgated by Division Order No. R-8170, as amended.

By authority granted me under the provisions of Rule 2(c) of said Special Eumont Pool Rules, the above-described well, renamed the Britt-Laughlin Com. Well No. 4, located at said unorthodox gas well location is hereby approved.

Also, you are hereby authorized to simultaneously dedicate Eumont Gas production from the Britt-Laughlin Com. Well No. 4 with the Britt-Laughlin Com. Well Nos. 1 and 6. Furthermore, you are hereby permitted to produce the allowable assigned the subject GPU from all of said wells in any proportion.

Sincerely,

William J. LeMay
Director
