Mr. Stogner:

Meridian Oil hereby requests administrative approval for a simultaneous dedication and nonstandard location for the Mattie James No.2. The Mattie James No.2 is located 330' FNL & 330' FEL, Sec. 10, T-22-S, R36-E, Lea County, New Mexico. This well is currently completed in the Eunice South (Queen) Pool. We propose to recompleate this well to the Jalmat (Prorated Gas) Pool. The Mattie James No.2 will share a 160 acre proration unit consisting of the NE/4 of Sec. 10, T-22-S, R36-E, with the Mattie James No.1 which is currently producing from the Jalmat (Prorated Gas) Pool.

A plat of the proposed proration unit and a map of offset Jalmat operators is attached. Offset operators were notified by certified mail on May 22, 1992, of our intent to recompleate and produce the Mattie James No.2 from the Jalmat (Prorated Gas) Pool.

Mr. Michael E. Stogner
Mattie James #2

Meridian Oil requested a simultaneous dedication of the referenced acreage by letter dated May 20, 1992. In that letter, we failed to request approval for a non-standard location. Please consider this letter as an amendment to the former letter. Meridian requests administrative approval of this simultaneous dedication and non-standard location in the Jalmat Pool.
