Re: Non-Standard Location
Aviette "ALK" State #1 (Re-entry)
1980' FSL and 660' FWL
Section 17-T21S-R27E
Eddy County, New Mexico

Dear Mr. LeMay:

Yates Petroleum Corporation requests administrative approval for the non-standard location as provided for under NMOCD Rule 104F.

Our reason for requesting this non-standard location is that it is a re-entry of an abandoned well originally drilled by Cities Service Oil Company in 1975 to a TD of 11,557'. Plugged and abandoned in 1976. Re-entered by the Permian Corporation in July 1976 as a SWD well in the Delaware. Was again plugged and abandoned in August 1982. Yates wishes to re-enter this well bore and test the Strawn and intermediate formations. It is more economical to re-enter and test this well bore and it will benefit the surrounding area.

Enclosed please find a copy of the lease map showing the offsetting operators, a topographic map of the area, a survey plat, and copies of the certification slips showing that the offset operators have been notified.

If you have any question concerning this matter, please call me at (505) 748-1471. Thank you.

Sincerely,

YATES PETROLEUM CORPORATION
