NEW MEXICO ENERGY, MINERALS and NATURAL RESOURCES DEPARTMENT

BILL RICHARDSON

Governor Joanna Prukop Cabinet Secretary Mark E. Fesmire, P.E. Director Oil Conservation Division

February 11, 2008

Tipton Oil & Gas Acquisition, Inc 1131 East Britton Road Oklahoma City, OK 73131

ATTN: Mr. Jim Frazier

Reference: O'Brian Fee 19 #1 19-8S-29E API: 30-005-60528 Chaves County New Mexico 2RP-126

Operator,

The New Mexico Oil Conservation Division District 2 Office (OCD) is in receipt of an Initial Report Form C-141 reporting a release of crude oil that occurred at an undisclosed date and time at the above referenced site. As presented, the initial report C-141 stated 20 barrels of crude oil was released, 20 barrels of crude oil was recovered, and stated "...Site is being remediated. Follow-up report will be submitted upon completion and inspection". This initial report C-141 is **accepted for record** only. Rule 19.15.3.116.D states in part "...The responsible person must complete division approved, corrective action for releases which endanger public health or the environment. Releases will be addressed in accordance with a remediation plan submitted to and approved by the division..."

To date, the clean up actions taken by Tipton Oil & Gas Acquisition, Inc are considered the initial, immediate response action to the release or spill. Additionally, to date, Tipton Oil & Gas Acquisition, Inc has not submitted a work plan (plan) to OCD for approval.

Please submit a work plan proposal for remediation, removal and/or clean up of contaminants that may be present at this site. The plan is to be formulated based on vertical and horizontal delineation of contamination, site ranking, and OCD Rules and Guidelines. Please submit this plan to the OCD District 2 office no later than **February 29, 2008**. Please include any remedial or clean up actions that have already been performed.

The publication *Guidelines for Remediation of Leaks, Spills and Releases* outlining OCD guidelines and requirements for site ranking and spill remediation can be found on the OCD website as follows: <u>http://www.emnrd.state.nm.us/ocd/index.htm</u> Click on each of the following items as they appear:

- Publications
- Environmental Handbook
- Miscellaneous Guidelines
- Remediation of Leaks, Spills and Releases

Approvals and/or stipulations specific to the 2RP number can be found on the OCD website as follows: <u>http://www.emnrd.state.nm.us/ocd/index.htm</u> Click on each of the following items as they appear:

- OCD Online
- Imaging
- Administrative & Environmental Orders

- Under <u>Specific Information Heading</u>, next to Order Type, click on drop down arrow and select 2R-Remediation Permit-Artesia-(2RP). Next to Order Number/Amendment in the <u>first</u> box only, type the digits following the 2RP (this 2RP number is listed beneath the facility name in the 'reference' section of this letter).
- Click on the continue button. You should be able to view documentation ie approvals, work plan approvals, stipulations, etc regarding this specific incident. Click on the document and click open. Due to the scanning process, should the document not be available, please check back later.

Remediation requirements may be subject to other federal, state, local laws and/or regulations. Additionally, please be advised that OCD approval does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment.

Thank you for your attention to these matters. If I can be of assistance, please don't hesitate to contact me at the contact information listed below.

Respectfully,

5 X

Sherry Bonham NMOCD District 2 1301 W. Grand Ave. Artesia, NM 88210 (505) 748-1283 Ext.109 sherry.bonham@state.nm.us
