Subject: RE: Plains Livingston Ridge to HP Sims release site (1R-0398)

Dear Ms. Reynolds:

The New Mexico Oil Conservation Division (OCD) has reviewed your request for soil closure of the above referenced site. The OCD hereby approves the soil closure of the above referenced site with continued PSH recovery and groundwater monitoring at the site.

Also, please be advised that OCD approval does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please call me at 505-476-3489.

Edward J. Hansen
Hydrologist
Environmental Bureau

Subject: Plains Livingston Ridge to HP Sims release site

Ed,

Pursuant to our conversation Plains respectfully requests soil closure at the Livingston Ridge to HP Sims release site. Terracon on behalf of Plains submitted the Soil Closure Compliance Report dated August 17, 2007 NMOCD Ref# 1R-398 which details remedial activities conducted for soil closure at the site. Mr. Ben Stone approved the Site Characterization and Soil Closure Proposal in a letter dated April 19, 2007. At this time Plains is requesting soil closure at the site with PSH recovery and groundwater monitoring to be on-going.

Please contact me with any questions or comments.

Sincerely,

Camille Reynolds
Remediation Coordinator
Plains All American
