**Subject:** RE: Renewal of Discharge Permit GW324

Dear Mr. Russell:

The proof of public notice (as outlined below) must be submitted to the NMOCD within 10 days. In addition to the avadavat of publication of the public notice, you must also submit a copy of the signed return receipt for the certified mailing of the public notice to the landowner (OXY). Per the Environmental Bureau Chief, Wayne Price, if the proof of notice is not submitted within 10 days, then civil action may be taken by the NMOCD against Mission Petroleum.

If you have any questions regarding this matter, please contact me at 505-476-3489.

Steve,  
The NMOCD is in receipt of the renewal fee for your Discharge Permit (GW-324) Denton Truck Unloading Facility.  
However, the NMOCD has yet to receive the proof of public notice (as described below). This is needed to complete the renewal process. The NMOCD cannot consider your permit valid until this matter is resolved.

Let me know if you have any questions regarding this matter.

Edward J. Hansen  
505-476-3489

P.S.: Dorothy submitted to the NMOCD an acceptable draft of the Public Notice in July, 2007.

Dear Mr. Russell:

Back in September we (New Mexico Oil Conservation Division) sent you a renewal permit (two copies) for the Denton Truck Unloading Facility.

- 1) Please sign one of the copies and return it to the NMOCD.
- 2) Also, please submit a check for \$1,700 for the permit renewal fee (make the check payable to: **Water Quality Management Fund**).
- 3) **In addition, please submit a copy of the avadavat of publication of your public notice for the permit renewal. Ms. Lawley was going to have the notice published in the *Lovington Daily Leader*. The notice must be a display ad and be published in English and Spanish.**

Since the fee was due to the NMOCD over two months ago, the fee must be submitted immediately.

Let me know if you have any questions regarding this matter.

P.S.: Per our conversation today, OXY (as the facility owner) may sign the permit and submit the check. However, as the lessee of the facility you still may be subject to enforcement action by the NMOCD.

**P.P.S.: I am assuming you (or Dorothy) can submit the proof of public notice (the avadavat of publication from the *Lovington Daily Leader*).**
