API #30-045-05763

Dear Mr. Stogner:

This is a request for administrative approval for a non-standard gas well location in the Basin Fruitland Coal pool.

Burlington Resources Oil & Gas Company is planning to recomplete the Huerfano Unit #4 in the Basin Fruitland Coal pool and, depending upon results, either plug and abandon the Dakota, or dual the Dakota and the Fruitland Coal. To comply with the New Mexico Oil Conservation Division rules, Burlington is submitting the following for your approval of this non-standard location:

1. C-102 plat showing location of the well;
2. Plat showing offset owners/operators - Burlington is the offset operator
3. Copy of Well Completion Log for original completion.

Thank you for your prompt response to this application.

Sincerely yours,

Peggy Bradfield
Regulatory/Compliance Administrator
