RE: EME Jct. A-20 (AP-43)
PUBLIC NOTIFICATION PROOF

Mr. Hansen:

In accordance with Rule 19 (Section 19.15.1.19 NMAC, Subsection G) Public Notice requirements, please accept the enclosed copies of proof that the appropriate individuals and entities were notified of the Stage 2 Abatement Plan submitted by Arcadis for the A-20 Junction Box Site on January 30, 2007. In an e-mail dated July 1, 2008, the Oil Conservation Division (OCD) notified Rice Operating Company (ROC) that the Stage 2 Abatement Plan was conditionally administratively complete and directed ROC to proceed with public notice.

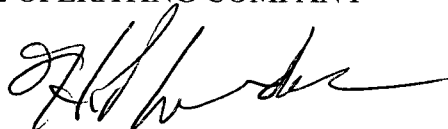

Notices were sent via certified mail to landowners within the prescribed radius and return receipts were received for landowners indicated in the attached spreadsheet. Mailings were also sent to the Lea County Commission and the list of Interested Parties found on the OCD website. Two individuals on the interested parties list were notified via e-mail to the address provided on the list. Thirty-three total notifications were sent and three were not delivered. The notification to Colin Adams could not be confirmed via mail or e-mail. The notification to the Director of State Parks & Recreation could not be confirmed and no e-mail address was provided. The notification to Mike Schultz of the International Technology Corp. (from the OCD Interested Parties list) was returned as "attempted-not known." Previous mailings to this address have been refused.

As directed by OCD, the Stage 2 Abatement Plan notifications were published in the *Albuquerque Journal* on July 10, 2008 and the *Hobbs News-Sun* newspapers on July 11, 2008. Affidavits for these publications are enclosed.

ROC requests that OCD consider public notice complete for this abatement plan. Should you have any further questions regarding this request, do not hesitate to contact me. Thank you for your consideration.

ROC is the service provider (agent) for the Eunice Monument Eumont (EME) SWD System and has no ownership of any portion of the pipeline, well, or facility. The System is owned by a consortium of oil producers, System Partners, who provide all operating capital on a percentage ownership/usage basis.
