Administrative Approval of Unorthodox Location

San Juan 32-5 Unit #13M Well

1711' FSL, 1295' FEL Section 25-T32N-R6W

Rio Aribba County, New Mexico Mesa Verde/Dakota Commingle

Dear Mr. Stogner:

Taurus Exploration U.S.A., Inc. requests administrative approval for an unorthodox location of its San Juan 32-5 Unit #13M well under the provisions of NMOCD Order No. R-8170.

Locating our well at 790' FSL would necessitate building an extensive amount of road coming from Section 31, traversing the mesa, and located on the north side of the mesa which would make the well site and road visible from Navajo Lake. In addition to having a negative impact on our economics, the Bureau of Reclamation would discourage a site visible from the lake.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your office in Santa Fe a Waiver of Objection.

Attached is a well location plat showing dedicated acreage, a topographic plat of the area, and a map showing all offsetting operators.

Sincerely,

Richard P. Corcoran
