RE: JUSTIS L-1 (AP-48)
PUBLIC NOTIFICATION PROOF

Mr. Jones:

In accordance with Part 30 (Section 19.15.30.15 NMAC) Public Notice requirements, please accept the enclosed copies of proof that the appropriate individuals and entities were notified of the Stage 1 and 2 Abatement Plan submitted by Tetra Tech (formerly Highlander Environmental Corp.) for the L-1 Junction Box Site on January 12, 2007. In an e-mail dated January 9, 2009, the Oil Conservation Division (OCD) notified Rice Operating Company (ROC) that the Stage 1 and 2 Abatement Plan was conditionally administratively complete and directed ROC to proceed with public notice.

Notices were sent via certified mail to landowners within the prescribed radius and return receipts were received for landowners indicated in the attached spreadsheet. Mailings were also sent to the Lea County Commission and the list of Interested Parties found on the OCD website. Thirty-five total notifications were sent, three were not delivered, and one could not be confirmed via certified mail. Three individuals on the interested parties list were notified via e-mail to the address provided on the list. The notification to Mike Schultz of the International Technology Corp. (from the OCD Interested Parties list) was returned as "unable to forward". Previous mailings to this address have been refused. The notification was then sent via e-mail to the address provided on the list, but was also returned as "undeliverable".

As directed by OCD, the Stage 1 and 2 Abatement Plan notifications were published in the *Albuquerque Journal* on January 16, 2009 and the *Hobbs News-Sun* newspapers on January 16, 2009. Affidavits for these publications are enclosed.

ROC requests that OCD consider public notice complete for this abatement plan. Should you have any further questions regarding this request, do not hesitate to contact me. Thank you for your consideration.

ROC is the service provider (agent) for the Justis SWD System and has no ownership of any portion of the pipeline, well, or facility. The System is owned by a consortium of oil producers, System Partners, who provide all operating capital on a percentage ownership/usage basis.

Dear Mr. Conder:

The New Mexico Oil Conservation Division (OCD) has received the Stage / Stage 2 Abatement Plan for the Rice Operating Company's (ROC) Justis Jct.
