Attention: Peggy Bradfield

Administrative Order NSL-4078

Dear Ms. Bradfield:

Reference is made to your application dated June 22, 1998 for an exception to the well location requirements provided within the "*Special Rules and Regulations for the Blanco-Mesaverde Pool/Special Rules and Regulations for the Basin-Dakota Pool*," as promulgated by Division Order No. R-10987, for Burlington Resources Oil & Gas Company's ("Burlington") proposed San Juan "27-4" Unit Well No. 49-M to be drilled at an unorthodox "infill" gas well location in both the Blanco-Mesaverde and Basin-Dakota Pools 1880 feet from the North line and 790 feet from the West line (Lot 2/Unit E) of Section 30, Township 27 North, Range 4 West, NMPM, Rio Arriba County, New Mexico.

Gas production attributed to the well from both pools is to be included in the existing standard 321.56-acre stand-up gas spacing and proration unit comprising Lots 1 through 4 and the E/2 W/2 (W/2 equivalent) of Section 30. Blanco-Mesaverde gas production is currently dedicated to Burlington's San Juan "27-4" Unit Well No. 25 (API No. 30-039-06862), located at a standard gas well location 890 feet from the South line and 1180 feet from the West line (Lot 4/Unit M) of Section 30. Basin-Dakota gas production is currently dedicated to Burlington's San Juan "27-4" Unit Well No. 49 (API No. 30-039-20835), located at a standard gas well location 1550 feet from the South line and 1720 feet from the West line (Unit K) of Section 30.

The application has been duly filed under the provisions of Rules 104.F and 605.B of the Rules and Regulations of the New Mexico Oil Conservation Division ("Division").

By the authority granted me under the provisions of Division Rule 104.F(2), the above-described unorthodox Basin-Dakota/Blanco-Mesaverde "infill" gas well location for the San Juan "27-4" Unit Well No. 49-M is hereby approved. All of the aforementioned wells and both spacing units will be subject to all existing rules, regulations, policies, and procedures applicable to prorated gas pools in Northwest, New Mexico.

Sincerely,

Lori Wrotenberg
Director
