Curran Jones Gas WN Well No. 10 (30-025-24650) and Battery Sec. 34-22S-36E
Lea County, New Mexico

Dear Ms. Smyers:

We are in receipt of your letter of August 11, 2008. Your letter requests our approval to surface commingle the production for the following wells.

Well Name and Number	Description
Sinclair B State Well No. 3	(D) Sec. 3-23S-36E
Curran Jones Gas WN Well No. 10 & Bat	(C) Sec. 34-22S-36E

It is our understanding that the production from the State well will be metered appropriately prior to movement off lease and the individual well volumes will be allocated back based on the subtraction method.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

Please submit a \$30.00 dollar filing fee.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

PATRICK H. LYONS
