#2: With your explanation below and the information provided, I'm still not sure if the information is sufficient. Please provide me a listing of and percentage owned by each of the WI in the NE/4 of Sec. 31 and the NW/4 of Sec. 31. I can then evaluate whether any additional notification is necessary. Thanks.

Mr. Stogner: I will work on #1 below and will get the geologist to explain. On #2 below, the affected parties are identified (but I see your point on the spacing units) in Exhibit #4 part 1. All of these affected parties listed in part 1 own the leasehold interest in the section and signed a waiver to the application. Is this sufficient?

Thanks for your attention to this matter.
