OIL CONSERVATION  
DIVISION

Dear Mr. Smitherman:

We are in receipt of your letter of February 21, 2003, requesting permission for surface commingling, off-lease storage and measurement of production from the Poker Lake Unit Well No. 182 with production at the Poker Lake Unit 158 Battery.

It is our understanding that the Poker Lake Unit 158 Battery is located in the NE/4NE/4 of Sec. 7-24S-30E and will now include the Well Nos. 156, 157, 158, 159, 181 and 182. The off-lease production will be metered separately prior to commingling.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division and the Bureau of Land Management.

Please submit a copy of the NMOCD's and the BLM's approval to this office.

Please submit a \$30.00 dollar filing fee.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

PATRICK H. LYONS
