Re: Application for 320-Acre
Non-standard Gas Proration Unit,
Eumont Gas Pool, Comprising W/2
Of Section 36, T20S, R36E, Lea
County, New Mexico

Oil Conservation Commission
State of New Mexico
Santa Fe, New Mexico

Gentlemen:

Gulf Oil Corporation hereby makes application for approval of a non-standard gas proration unit in the Eumont Gas Pool comprising the W/2 of Section 36, T-20-S, R-36-E, Lea County, New Mexico, and in support thereof states the following facts:

- (1) Gulf Oil Corporation is owner and operator of an oil and gas lease known as its R. R. Bell (NCT-F) Lease, a portion of which is described above.
- (2) The R. R. Bell (NCT-F) #2, located 1980 feet from the South and West lines, Section 36, T-20-S, R-36-E, Lea County, New Mexico, was completed April 30, 1937, in the Eunice Oil Pool between 3705 feet and 3848 feet. On April 26, 1954, Commission Order DC-92 was issued approving the dual completing of this well in the Eumont Gas Pool. The well was dually completed on August 8, 1955, between 3470 feet and 3676 feet in the Eumont and produced 4400 MCF per day of gas with a back pressure of 740 psi. The applicant proposes to use this well as the unit well.
- (3) The proposed non-standard gas proration unit will meet the requirements of Rule 5(b) of the Oil Conservation Commission Order No. R-520 as follows:
 - (a) Contiguous quarter-quarter sections will comprise the unit.
 - (b) The proposed unit lies wholly within a single governmental section.

8/12/55

- (c) All acreage within the proposed unit may reasonably be presumed productive of gas.
- (d) The length or width of the proposed unit does not exceed 5280 feet.
- (e) By copy of this letter of application all operators owning interests in the section in which the proposed unit is located and all operators within 1500 feet of the proposed unit well are notified by registered mail of the intent of Gulf Oil Corporation to form the proposed non-standard gas proration unit. (See attached affidavit.)

In view of the existence of the facts herein stated and compliance with the provisions of Rule 5(b) of the Oil Conservation Commission's Order No. R-520, Gulf Oil Corporation requests that the Secretary of the Commission approve the above described non-standard gas proration unit.

Respectfully submitted,

GULF OIL CORPORATION
