Re: Garveys No. 1 Lease
NE/4 of 26-21S-37E,
Lea County, New Mexico

Gentlemen:

We have a Blinbry Gas well located in the SW/4 NE/4 Section 26-21S-37E. Lakeland Petroleum Corporation has completed a Blinbry Oil well in the NE/4 NE/4 Section 26-21S-37E. In order that Lakeland could have an allowable for its oil well the Conservation Commission of the State of New Mexico requested that this 40 acres be removed from the 160 acre spaced unit. This reduces our unit to the remaining 120 acres in the section. We will soon recomplete our well in the Blinbry Oil formation also and this will eliminate the 120 acre unit.

This letter is to inform you, as an offset operator, of our non-standard 120-acre gas production unit in the Blinbry Gas Pool.

Yours very truly,

HARPER OIL COMPANY

Gentlemen:

We have your letter of July 20, 1965, requesting approval of a non-standard 120-acre gas proration unit in the Blinebry Gas Pool to be assigned to your Sarkeys well located in the SW/4 NE/4 of Section 26, Township 21 South, Range 37 East, NMPM, Lea County, New Mexico.

If offset operators have been notified of your request, please advise us and we will issue an administrative order approving the non-standard unit within 30 days. If offset operators have not been notified, please notify them of your request and advise us that they have been notified.

The administrative order approving the unit will be effective the date an oil well allowable was assigned to the Sarkeys well in the NW/4 NE/4 of Section 26.

Very truly yours,

J. M. DURRETT, Jr.

Dear Sir:

The Lakeland Petroleum Corporation has recently completed a Blinebry oil well in the Northeast Quarter of Section 26-21S-37E in Lea County, New Mexico. We have agreed with them that all of the Northwest Quarter of said quarter section may be attributed to their oil well for allowable purposes and deducted from the gas allowable which is assigned to our Sarkeys Blinebry well located in the Southwest Quarter of said quarter section. Our allowable will thereby be reduced from a 160 acre gas allowable to a 120 acre gas allowable.

Yours very truly,

HARPER OIL COMPANY
