N/A

GW @ 105

Describe Cause of Problem and Remedial Action Taken.*

Lightening from the previous night had struck the fiberglass water tank releasing 53 bbls., of produced water. The water was contained in the dike around the battery, the area is a dirt dike and none of it was recovered This is a shut-in well that is flowed once a month.

Describe Area Affected and Cleanup Action Taken *

Water was contained in the dirt dike, the area is approximately 30'x50'.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
