Dear Ms. Hanson

Thank you for calling my attention to errors in Order NSL-1936, as noted below. OCD has issued Administrative Order NSP-1936-A-npt under date of January 27, 2010, to correct these errors.

The signed npt order will be posted on OCD's website.

I apologize for these errors and any inconvenience they may have caused.

Sincerely

David K. Brooks

David,
Attached is the Order I was referring to in the previous e-mail I just sent to you. I believe this Order incorrectly refers to a 120-acre spacing and proration unit and should state "40-acre spacing and proration unit" instead.

I appreciate you taking a look at this. Thank you for your time!

Dear Ms. Hanson

The referenced application NSP application for the Blinbry formation was granted on December 22, 2009, by Administrative Order NSP-1936. The accompanying SD order for the Tubb formation was denied without prejudice due to the fact that the locations of two of the wells to be dedicated are non-standard for a 160-acre gas unit.

A copy of the order is attached. The signed original order will be posted on the Division's website.

Sincerely
David K. Brooks
