Section 14, T-22-S, R-24-E
Eddy County, New Mexico
M-H Prospect

Dear David:

By virtue of the captioned order, Nearburg Producing Company ("NPC") was authorized to dispose of produced water from intervals starting at a depth of 11,500' down to a depth of 12,300'. We have completed the drilling of this well and would like to amend said order to allow to dispose in an interval from 11,500' to a depth of 12,375'. The perforations are still in the permitted Devonian formation.

This letter is delivered by Mr. Carr who I trust will work with you on the amended order.

Thank you for your help.

Very truly yours,

Bob Shelton
