RE: Robert No. 1
Hare-San Andres Pool
Comprising the 80 acres located as the W/2 of SW/4,
Section 21, T-21-S, R-37-E,
Lea County, New Mexico

Sir:

If was brought to my attention that the first paragraph of our Application for Non-Standard Gas Proration Unit for the above referenced well, dated September 26, 1984, written to the attention of Mr. Joe D. Ramey, which reads, "Alpha Twenty-One Production Company hereby requests approval for application of an 160-acre proration unit.....", is incorrect. It should have read, "Alpha Twenty-One Production Company hereby requests approval for application of an 80-acre proration unit.....". Please accept this as a correction for our original application and note that we are applying for an 80-acre non-standard proration unit rather than a 160-acre proration unit.

Please forgive the inconvenience and if you desire anything further, please contact me.

Sincerely,

Michael D. Oney,
Drilling Superintendent
