Mark E. Fesmire, P. E.
Oil Conservation Division
1220 South St. Francis Drive
Santa Fe, NM 87505

Dear Mr. Fesmire,

Apache Corporation ("Apache") respectfully requests to revise the non-standard bottom-hole location of the E W Walden #16 well to **1309' FSL & 1303' FWL (Unit Letter M) of Section 15, Township 22 South, Range 37 East, Lea County, New Mexico**. Current non-standard bottom-hole location (1310' FSL & 1310' FWL, Unit Letter M, of same Section 15) for the E W Walden #16 was approved via Administrative Order No. NSL-6146, dated February 8, 2010, covering the Blinebry, Tubb, Drinkard and Abo formations.

However, the currently approved non-standard bottom-hole location is closer than 10' to the inner boundaries of the spacing unit in which this well will be dedicated. It appears Section 15 does not make up a true 640 acre section making the measurements off the section line a little skewed. As a result, and in order for the well to remain at least 10' off the spacing unit boundaries, the bottom-hole location must be revised as set forth above in this amendment.

Apache owns 100% leasehold interest as to the Blinebry, Tubb, Drinkard and Abo formations in the entire SW/4 of said Section 15-T22S-R37E. Therefore, no other parties will need to be notified of this change.

Please call me if you need any further information on this matter.

Sincerely,

APACHE CORPORATION

Dear Ms. Hanson

I do not have the EW Walden #16 revised application.

Please send me an email copy, and I will get on it right away.

Sincerely

David Brooks

Subject: Question regarding E. W. Walden #16 Revised NSL application

Hi David,
I don't believe I have received approval yet for our revised NSL application covering Apache Corporation's E. W. Walden #16 well (BHL had to be revised). The revised NSL application was sent via fed-ex on March 3, 2010. I wanted to make sure your office had received this application. It may still be in review but I wanted to double check because I sent it along with another application and have since received approval for the other application. At your convenience could you confirm the receipt of the E. W. Walden #16 revised NSL application?

Thank you, David.
