Unorthodox Well Location &
Simultaneous Dedication

Jalmat Gas Pool
Lea County, New Mexico

New Mexico Oil Conservation Division
P. O. Box 2088
Santa Fe, New Mexico 87504-2088

Attention: Mr. William J. LeMay, Director

Chevron U.S.A., as an offset operator, has no objection to ARCO Oil and Gas Company's application for an unorthodox gas well location for their Frederick H. Curry WN No. 6 in the subject pool. That location to be 1,980 feet FSL and 660 feet FWL, Section 1, T-24-S, R-36-E, Lea County, New Mexico. It is our further understanding that the 320 acres currently dedicated to the Frederick H. Curry WN Well Nos. 1 & 2 and comprising the S/2 of Section 1 will now be dedicated to all three wells.

Approved By: F. S. Godbold

Title: Engineering Supervisor, New Mexico Area

Re: ARCO Oil and Gas Company
Administrative Application for
Unorthodox Location and Simultaneous
Dedication
Jalmat (Gas) Pool
Frederick H. Curry WN No. 6
1980' FSL and 660' FWL
Section 1, T-24-S, R-36-E
Lea County, New Mexico

Gentlemen:

Reference is made to the attached notification from ARCO Oil and Gas Company dated September 28, 1992 and received by Hartman September 30, 1992, regarding ARCO's application for an unorthodox location and simultaneous dedication of the above-referenced well. The Frederick H. Curry WN No. 6 well, to be recompleted from the Langlie Mattix (7R-Qn-Gbg) to the Jalmat (Gas) pool, is located 1980' FSL and 660' FWL of Section 1, T-24-S, R-36-E and would be simultaneously dedicated along with ARCO's Frederick H. Curry WN Nos. 1 and 2 wells to the existing 320-acre non-standard Jalmat (Gas) proration unit consisting of the S/2 of Section 1, T-24-S, R-36-E, Lea County, New Mexico.

In light of the fact that ARCO's proposed recompletion does not directly offset us and we are not being encroached upon, we do not feel it is appropriate for us to object to ARCO's administrative request for a location consisting of 1980' FSL and 660' FWL of Section 1, T-24-S, R-37-E.

Mr. William J. Lemay
October 15, 1992

RE: Application for Unorthodox Jalmat Gas Well Location & Simultaneous Dedication
Frederick H. Curry WN#6
S/2 Section 1, T24S, R36E, Lea County, New Mexico
Jalmat (Tansil/Yates/Seven Rivers) Gas Pool

Dear Mr. LeMay / Mr. Sexton:

ARCO Oil and Gas Company respectfully requests administrative approval for an unorthodox Jalmat gas well location for the Frederick H. Curry WN #6 well, located 1980' FSL, 660' FWL, Section 1, T-24S, R-36E in Lea County, New Mexico. The Frederick H. Curry WN #6 is a Langlie Mattix (Seven Rivers/Queen/Grayburg) oil well which ARCO is preparing to recomplete uphole to the Jalmat pool. At the same time, ARCO requests simultaneous dedication of the Jalmat gas production from the Frederick H. Curry WN #1 and #2 wells with the Jalmat gas production from the Frederick H. Curry WN #6 well. The Frederick H. Curry WN #1 and #2 are Jalmat gas wells that are currently dedicated to an existing 320-acre proration unit comprised of the S/2 of Section 1, T-24S, R-36E.

Attached are C-102 forms identifying both the existing and proposed configuration of the subject 320-acre Jalmat gas proration unit. Also attached is a list of offset operators and/or co-owners for this unit, and a land plat map of the surrounding area.

ARCO Oil and Gas Company believes approval of this request will be in the interest of conservation, will protect correlative rights, and will allow for a more complete recovery of Jalmat gas reserves from the subject acreage.

ARCO Oil and Gas Company is notifying the offset operators of this application by sending a copy of this application package, along with waiver to objection forms, by certified mail. If you need further information, please call me at (915) 688-5546.

Sincerely,

Kevin D. Renfro
Operations/Analytical Engineer

RE: Application for Unorthodox Jalmat Gas Well Location & Simultaneous Dedication
Frederick H. Curry WN#6
S/2 Section 1, T24S, R36E, Lea County, New Mexico
Jalmat (Tansill/Yates/Seven Rivers) Gas Pool

Dear Mr. LeMay / Mr. Sexton:

ARCO Oil and Gas Company respectfully requests administrative approval for an unorthodox Jalmat gas well location for the Frederick H. Curry WN #6 well, located 1980' FSL, 660' FWL, Section 1, T-24S, R-36E in Lea County, New Mexico. The Frederick H. Curry WN #6 is a Langlie Mattix (Seven Rivers/Queen/Grayburg) oil well which ARCO is preparing to recomplete uphole to the Jalmat pool. At the same time, ARCO requests simultaneous dedication of the Jalmat gas production from the Frederick H. Curry WN #1 and #2 wells with the Jalmat gas production from the Frederick H. Curry WN #6 well. The Frederick H. Curry WN #1 and #2 are Jalmat gas wells that are currently dedicated to an existing 320-acre proration unit comprised of the S/2 of Section 1, T-24S, R-36E.

Attached are C-102 forms identifying both the existing and proposed configuration of the subject 320-acre Jalmat gas proration unit. Also attached is a list of offset operators and/or co-owners for this unit, and a land plat map of the surrounding area.

ARCO Oil and Gas Company believes approval of this request will be in the interest of conservation, will protect correlative rights, and will allow for a more complete recovery of Jalmat gas reserves from the subject acreage.

ARCO Oil and Gas Company is notifying the offset operators of this application by sending a copy of this application package, along with waiver to objection forms, by certified mail. If you need further information, please call me at (915) 688-5546.

Sincerely,

Kevin D. Renfro
Operations/Analytical Engineer

Jalmat Gas Pool
Lea County, New Mexico

New Mexico Oil Conservation Division
P. O. Box 2088
Santa Fe, New Mexico 87504-2088

Attention: Mr. William J. LeMay, Director

Chevron U.S.A., as an offset operator, has no objection to ARCO Oil and Gas Company's application for an unorthodox gas well location for their Frederick H. Curry WN No. 6 in the subject pool. That location to be 1,980 feet FSL and 660 feet FWL, Section 1, T-24-S, R-36-E, Lea County, New Mexico. It is our further understanding that the 320 acres currently dedicated to the Frederick H. Curry WN Well Nos. 1 & 2 and comprising the S/2 of Section 1 will now be dedicated to all three wells.

Re: ARCO Oil and Gas Company
Administrative Application for
Unorthodox Location and Simultaneous
Dedication
Jalmat (Gas) Pool
Frederick H. Curry WN No. 6
1980' FSL and 660' FWL
Section 1, T-24-S, R-36-E
Lea County, New Mexico

Gentlemen:

Reference is made to the attached notification from ARCO Oil and Gas Company dated September 28, 1992 and received by Hartman September 30, 1992, regarding ARCO's application for an unorthodox location and simultaneous dedication of the above-referenced well. The Frederick H. Curry WN No. 6 well, to be recompleted from the Langlie Mattix (7R-Qn-Gbg) to the Jalmat (Gas) pool, is located 1980' FSL and 660' FWL of Section 1, T-24-S, R-36-E and would be simultaneously dedicated along with ARCO's Frederick H. Curry WN Nos. 1 and 2 wells to the existing 320-acre non-standard Jalmat (Gas) proration unit consisting of the S/2 of Section 1, T-24-S, R-36-E, Lea County, New Mexico.

In light of the fact that ARCO's proposed recompletion does not directly offset us and we are not being encroached upon, we do not feel it is appropriate for us to object to ARCO's administrative request for a location consisting of 1980' FSL and 660' FWL of Section 1, T-24-S, R-37-E.

Mr. William J. Lemay
