If a Watercourse was Impacted, Describe Fully.\*

Describe Cause of Problem and Remedial Action Taken.\*

On arrival at the Ore Ida 14 #12 the Lease Operator observed some guys doing some dirt work near our poly line; also observed standing water. Went to investigate where it was coming from and an employee from B&H informed Lease Operator that they discovered the leak and went into town to get a clamp and they tried clamping the line. Called and had gang come out and fix line

Describe Area Affected and Cleanup Action Taken.\*

Took clamp off and repaired line and will teal, rake, and fertilize affective area on location.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
