CASE NO. NWU-20

Comes now Applicant THREE STATES NATURAL GAS COMPANY by its Attorney and states:

1. It is the owner and operator of the J. C. Gordon #1 well located in the SW/4 NE/4 NE/4 (990' of North line and 990' West of East line) of Section 24, T-27-N, R-10-W, San Juan County, New Mexico.

WHEREFORE, Applicant requests, in the interest of conservation and protection of correlative rights, the Commission to issue

NW/4 Sec 24

That pursuant to Rule 6 (A) of Case No. 729, Order No. R-565, the allowable production from this non-standard gas proration unit, as compared with the allowable production therefrom if this tract were a standard unit, be in the ratio which the area of the non-standard proration unit (to-wit, 153.36 acres) bears to a standard proration unit of 160 acres.
