Dear Mr. Brooks:

Marbob Energy Corporation requests approval for the Showstopper 17 Federal Com #10H unorthodox location described above. The well is unorthodox because the Bureau of Land Management moved our original location (330' FSL 2310' FEL) to this unorthodox location. The BLM moved the location due to surface issues. This puts the location 150' unorthodox to the north line of the NW/4NE/4 of Sec. 20 T25S R29E and 150' unorthodox to the east line of the SE/4SW/4.

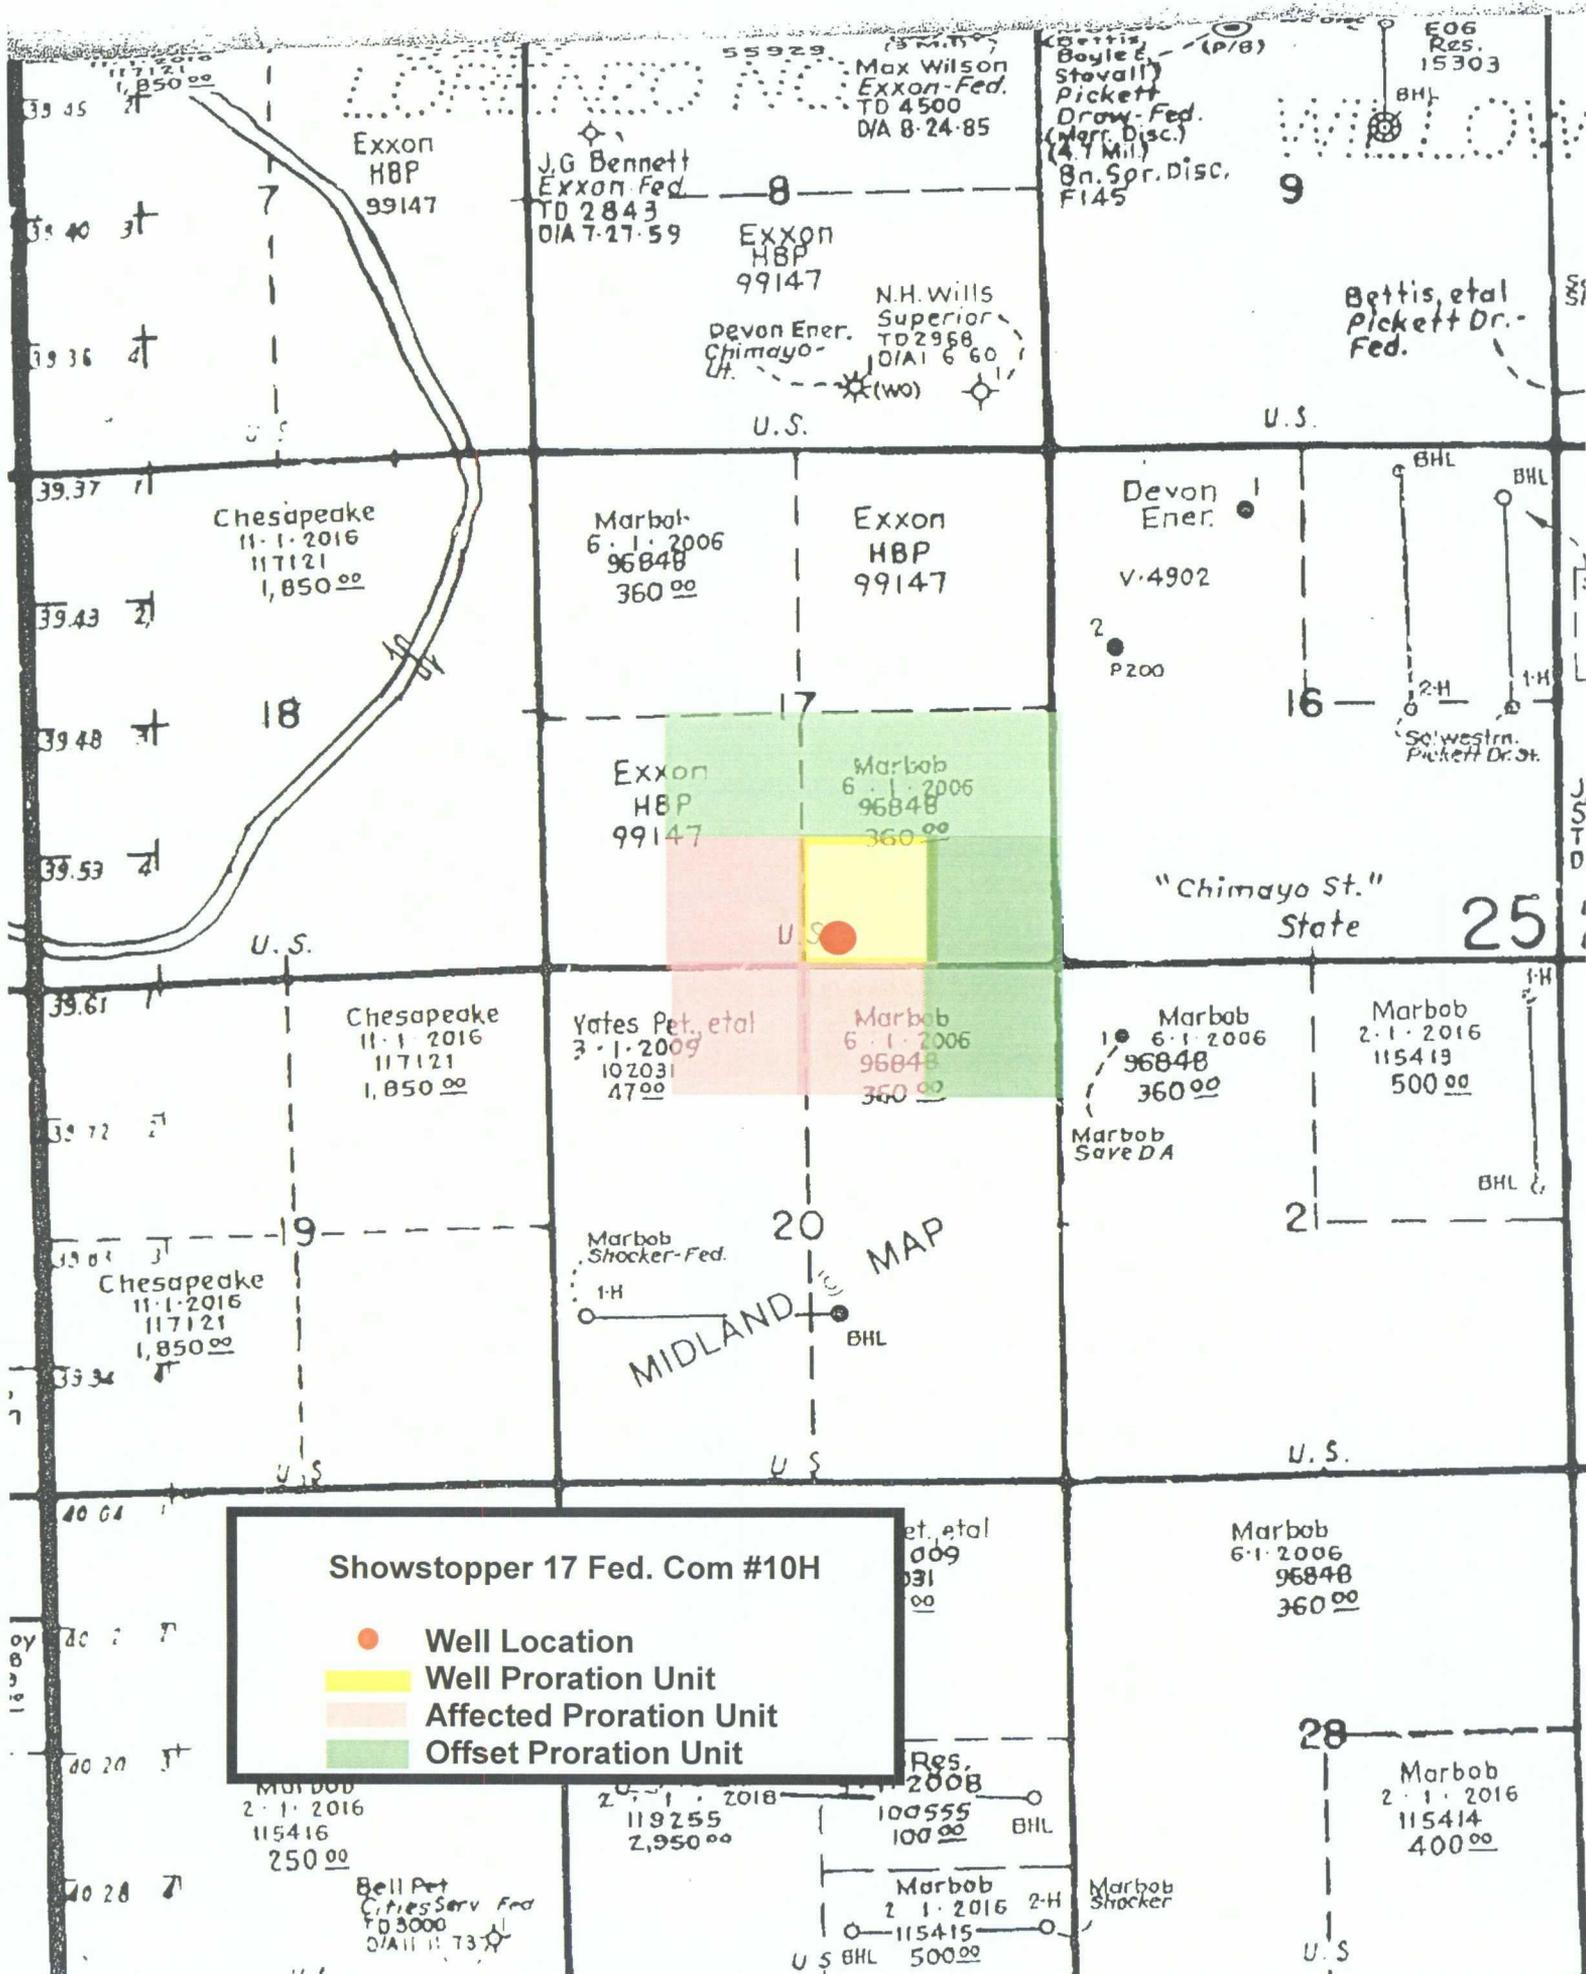

Marbob Energy Corporation is the operator of the affected, offset, and producing proration units. Notice will be give to Yates Petroleum., who is a Working Interest Owners in the affected and offset proration unit(s) in the NW/4NE/4 & NE/4NW/4 of Sec. 20 T25S R29E. Enclosed is a copy of form C-102 showing the location and proposed proration unit. Also, enclosed is a map showing affected spacing unit(s).

Thank you for your help in this matter.

Sincerely,

William Miller
Landman
