Gentlemen:

The plat attached to El Paso Natural Gas Company's application, dated November 1, 1957, for a non-standard gas proration unit for their Ludwick #6 well, showed certain offset acreage in the name of Southern Union Gas Company. This acreage is now owned by Aztec.

Aztec Oil & Gas Company, as an offset operator, has no objection to a non-standard proration unit consisting of the SW $\frac{1}{4}$ (or E $\frac{1}{2}$ SW $\frac{1}{4}$, Lots 3, 4) of Section 19, Township 30 North, Range 10 West, as proposed in El Paso's application.

Yours very truly,

1. The Ludwick #6 Well, located 1650' from the South line and 990' from the West line of Section 19, T-30-N, R-10-W, was completed as a gas well from the Pictured Cliffs Formation on March 3, 1955.
2. That the proposed non-standard gas proration unit consists of 155.50 acres, which are contiguous quarter-quarter sections and lots.
3. That the proposed non-standard gas proration unit lies wholly within a single government section.
4. That the proposed non-standard gas proration unit may reasonably be presumed to be productive of gas.

Respectfully submitted,
