Re: Application for Exception to Rule 5(A)
Of Order R-1670-C for a Non-Standard
Proration Unit, Basin-Dakota Gas Pool
San Juan County, New Mexico

Gentlemen:

In accordance with Rule 5(B) of Order R-1670-C, El Paso Natural Gas Company, as Operator, hereby submits its application for administrative approval of the following Non-Standard Proration Units in the Dakota Formation of the Basin-Dakota Gas Pool. The well names, descriptions of the drilling blocks, and the size of the proration units covered by this application are as follows:

<u>Well Name and Drilling Block</u>	<u>Location</u>	<u>No. of Acres</u>	<u>Kind of Well</u>
Florance "C" No. 8 T-28-N, R-8-W Sec. 19: Lots 1,2,3,4, E/2 W/2 (W/2)	SW/4 Sec. 19, T-28-N, R-8-W	304.96	Gas
Florance "C" No. 9 T-28-N, R-9-W Sec. 30: Lots 1,2,3,4, E/2 W/2 (W/2)	SW/4 Sec. 30, T-28-N, R-9-W	305.92	Gas

and in support thereof states the following fact:

That each of the above proposed non-standard gas proration units consists of the number of acres shown and is an unorthodox size or shape due to a variation in the legal subdivision of the United States Public Land Survey. (Plats attached)

Therefore, El Paso Natural Gas Company requests that under the provisions of Rule 5(B) of Order R-1670-C, the Secretary of the Commission grant exception to Rule 5(A) without Notice and Hearing and approve the subject non-standard proration units.

Respectfully submitted,

EL PASO NATURAL GAS COMPANY
