Re: Application for Exception to Rule 5(A)
Of Order R-1670-C for a Non-Standard
Proration Unit, Basin-Dakota Gas Pool
San Juan County, New Mexico

Gentlemen:

In accordance with Rule 5(B) of Order R-1670-C, El Paso Natural Gas Company, as Operator, hereby submits its application for administrative approval of the following Non-Standard Proration Unit in the Dakota Formation of the Basin-Dakota Gas Pool. The well name, description of the drilling block, and the size of the proration unit covered by this application are as follows:

<u>Well Name and Drilling Block</u>	<u>Location</u>	<u>No. of Acres</u>	<u>Kind of Well</u>
Ludwick #21 Well T-30-N, R-10-W Sec. 31: Lots 1,2,3,4, E/2 W/2, (W/2)	SW/4 Sec. 31 T-30-N, R-10-W	306.40	Gas

and in support thereof states the following fact:

That the above proposed non-standard gas proration unit consists of the number of acres shown and is an unorthodox size or shape due to a variation in the legal subdivision of the United States Public Land Survey. (Plat attached.)

Therefore, El Paso Natural Gas Company requests that under the provisions of Rule 5(B) of Order R-1670-C, the Secretary of the Commission grant exception to Rule 5(A) without Notice and Hearing and approve the subject non-standard proration unit.

Respectfully submitted,

EL PASO NATURAL GAS COMPANY

By Sam Smith
