Re: Application of Aztec Oil & Gas
Company for an Exception to Rule
5(A) of Order R-1670 for Admini-
strative Approval of a Non-Standard
Gas Proration Unit in the Basin-
Dakota Gas Pool, San Juan County,
New Mexico

Dear Mr. Porter:

Pursuant to Rule 5(B) of Order R-1670, Aztec Oil & Gas Company hereby submits its application, in triplicate, for an exception to Rule 5(A) of Order R-1670, and administrative approval of a Non-Standard Gas Proration Unit consisting of Lots 3 and 4, S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ (W $\frac{1}{2}$) of Section 13, T-31-N, R-12-W, N.M.P.M., San Juan County, New Mexico.

In support of this application, applicant respectfully states and shows the following:

1. An orthodox location is anticipated and will be staked in the NW $\frac{1}{4}$ of Section 13, T-31-N, R-12-W, N.M.P.M. When staked, the well will be known as the Grenier No. 11.
2. Applicant owns all the acreage within the Section on which the Non-Standard Unit is located, as indicated on Exhibit "A" attached hereto. The only operator owning offsetting acreage is Greenbrier Oil Company, and it has been furnished a copy of this application with the request that its consent in the form of a waiver of notice and hearing be forwarded to the Commission.
3. The non-standard unit consists of contiguous quarter-quarter sections or lots.

Mr. A. L. Porter, Jr.

4. The Unorthodox Gas Proration Unit contains 314.53 acres, and its unorthodox size or shape is due to a variation in the legal subdivision of the United States Public Land Survey.

Applicant respectfully requests that this application be promptly considered and that approval be administratively granted, pursuant to Rule 5(B) of Order R-1670, for the Non-Standard Unit above described.

Yours very truly,
