Re: Non-Standard Dakota Gas Unit
Pipkin Gas Com "A" Well No. 1

Mr. A. L. Porter, Jr. (3)
 New Mexico Oil Conservation Commission
 P. O. Box 2038
 Santa Fe, New Mexico

Dear Sir:

Pan American Petroleum Corporation respectfully requests administrative approval of the non-standard gas proration unit for the Pipkin Gas Com "A" Well No. 1, W/2 Section 7, T27N-R10W consisting of 332.92 acres.

In accordance with the provisions of Rule 5(B) of Item A, Well Location and Acreage Requirements, under the Special Rules and Regulations for the Basin Dakota Gas Pool of NMOCC Order No. R-1670-C, the requested non-standard proration unit is due to the unorthodox size of the tract due to variation in the legal subdivisions of the United States Public Lands Survey. The following provisions are complied with:

1. The non-standard unit consists of contiguous lots and quarter-quarter sections.
2. The non-standard unit lies wholly within a governmental section.
3. The entire non-standard unit may reasonably be presumed to be productive of gas.
4. The length or width of the non-standard unit does not exceed 5280 feet.

The requested 322.92 acre non-standard gas proration unit is necessitated by the occurrence of lots larger than 40 acres along the western edge of Section 7, T27N-R10W. A map showing the proposed location of the well in relation to other Basin Dakota Pool Wells is attached, which indicates that the entire non-standard unit may reasonably be presumed to be productive of gas. A copy of NMOCC Form C-128 (Well Location and Acreage Dedication Plot) shows the proposed location 1550 feet from the west line and 790 feet from the south line of Section 7 in the proposed W/2 Section 7 gas unit.

A copy of this application has been forwarded by Certified Mail to the below listed companies who have acreage offsetting the proposed Dakota gas unit.

Kingwood Oil Company
Sunset International Petroleum Corp.
British American Oil Producing Co.

It is requested that all of the listed operators furnish a waiver for the proposed non-standard Dakota gas unit.

Yours very truly,

cc: By Certified Mail:

Gentlemen:

Reference is made to Pan American's February 3, 1966, application to you for administrative approval of a non-standard gas proration unit to be located in the W/2 Section 7, T27N-R10W, Basin Dakota Gas Pool, San Juan County, New Mexico.

This is to advise that The British-American Oil Producing Company, as an offset operator, does not object to this non-standard proration unit.

Very truly yours,

Re: Pan American Petroleum Corporation
Non-standard Dakota Gas Unit
Pipkin Gas Com "A" Well No. 1

Dear Sir:

We have received request for waiver covering proposed non-standard Dakota gas unit as set out in letter from Pan American Petroleum Corporation dated February 3, 1966, copy of which letter is attached hereto.

Please be advised that Sunset International Petroleum Corporation consents to the formation of such non-standard gas proration unit.

Very truly yours,

SUNSET INTERNATIONAL
