Attention: Mr. Robert E. Siverson

Gentlemen:

This is to advise that El Paso Natural Gas Company as an offset operator has no objection to the irregular Pictured Cliffs locations described in your letter of April 14, 1966 to the New Mexico Oil Conservation Commission.

Very truly yours,

D. N. Canfield

Santa Fe, New Mexico

Dear Sir:

Reference is made to Tenneco Oil Company's Application for administrative approval of 15 irregular proration units for a group of Pictured Cliffs Gas Wells in San Juan County, New Mexico dated April 14, 1966.

Pan American Petroleum Corporation, as an offset Operator to many of the requested non-standard proration units, waives objection to the units as outlined in said Application without further notice to them and without a Hearing before the Commission.

Yours very truly,

cc: Tenneco Oil Company  
P. O. Box 1714  
Durango, Colorado 81302

Gentlemen:

O  
Tenneco Oil Company is engaged in a development drilling program for Pictured Cliffs gas wells in the San Juan Basin. Several of our drilling locations fall in T29N, R9W. Because this township was resurveyed in 1952, many of the sections and quarter sections therein are slightly irregular in size. It is, therefore, necessary that we request non-standard proration units for several wells in this area.

Attached is a copy of our application to the NMOCC for administrative approval of these non-standard proration units.

P  
The purpose of this letter is to notify you as an offset operator of our application. This is in conformance with Rule 104 of the NMOCC Regulations.

Y  
Yours very truly,

TENNECO OIL COMPANY

Gentlemen:

I have examined the application dated April 14, 1966

for the Tenneco Oil Co. Several non-standard units - Blanco-Pictured Cliffs Pool  
Operator Lease and Well No. S-T-R

and my recommendations are as follows:

We do not have a copy of the resurvey plat for T 30 N, R 8 W.

If the acreage agrees with the plats, the request should be approved.

Yours very truly,

  
A. R. Kendrick

April 14, 1966

New Mexico Oil Conservation Commission  
P. O. Box 2088  
Santa Fe, New Mexico

Gentlemen:

Tenneco Oil Company proposes to drill several Pictured Cliffs gas wells in the San Juan Basin. Most of these wells are located in T29N, R9W. This township has been resurveyed; and, as a result of that survey, many of the sections within the township are irregular. Consequently, many of the quarter sections are irregular, being more than or less than 160 acres. Tenneco Oil Company requests administrative approval for irregular proration units for a group of Pictured Cliffs gas wells located in this area.

The following list describes the quarter section location, the amount of acreage contained therein and the lot numbers designated in that quarter section.

In T29N, R9W:

WELL NAME	LOCATION	LOT NUMBERS	ACREAGE
Florence 57	NE/4 of Section 22	1, 2, 7 & 8	151.97
Florence 71	SE/4 of Section 24	9, 10, 15 & 16	145.36
Florence 72	SE/4 of Section 23	9, 10, 15 & 16	146.20
Florence 73	NW/4 of Section 25	3, 4, 5 & 6	147.00
Florence 75	NE/4 of Section 35	1, 2, 7 & 8	153.46
Florence 76	SE/4 of Section 35	9, 10, 15 & 16	152.89
Florence 78	NW/4 of Section 1	7, 8, 9 & 10	171.99
Florence 83	NE/4 of Section 21	1, 2, 3 & 4	152.80
Florence 85	NE/4 of Section 23	1, 2, 7 & 8	150.29
Florence 86	NW/4 of Section 26	3, 4, 5 & 6	145.33
Florence 87	SW/4 of Section 26	11, 12, 13 & 14	150.40
Hamner 7	NW/4 of Section 29	1, 2, 3 & 4	146.78
Hamner 8	SW/4 of Section 29	5, 6, 7 & 8	141.67

Re: Application for Non-standard Units for  
Several Pictured Cliffs Gas Wells

Dear Mr. Siverson:

Your subject application dated April 14, 1966 does not indicate that each offset operator has been advised of the application.

Rule 104 D 11 (c) and (d) requires that either waivers of objection from all offset operators or proof of notification to offsets be sent with the application for an administrative order of this nature. An offset operator is one whose lease line is common with your lease line in one or more points.

If we can be of further service, please contact us.

Yours very truly

A. R. Kendrick  
Engineer, District #3
