Re: Non-Standard Gas Proration Unit - 348.62 Acres
Florance No. 20, Basin Dakota & Blanco Mesaverde Field
E/2 Section 24, T30N, R9W
San Juan County, New Mexico

Request administrative approval of a 348.62 acre non-standard gas proration unit in the Basin Dakota and Blanco Mesaverde Field, consisting of the E/2 of Section 24, T30N, R9W, San Juan County, New Mexico, on the above well.

As a result of a re-survey in 1952 of this township, Section 24 was found to be irregular in size and the E/2 contains 348.62 acres.

Tenneco requests approval of the non-standard proration unit for both zones of this dual well.

El Paso Natural Gas, an offset operator, will be requested by separate letter to submit a waiver of their objections.

Very truly yours,
