Re: Administrative Application of Burlington Resources Oil & Gas Company LP for approval of a 299.10 acre non-standard gas proration and spacing unit, Basin-Dakota Gas Pool, San Juan County, New Mexico

Dear Mr. Fesmire:

On behalf of Burlington Resources Oil & Gas Company LP, please find enclosed our referenced application that is being filed in accordance with Division Rule 19.15.15.11.B.

Very truly yours,

W. Thomas Kellahin

CC: Burlington Resources Oil & Gas Company LP
Attn: Jason Lyons

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT

**ADMINISTRATIVE APPLICATION OF BURLINGTON RESOURCES
OIL & GAS COMPANY LP FOR APPROVAL OF A 299.10 ACRE
NON-STANDARD GAS PRORATION AND SPACING UNIT
RIDDLE C LS WELL 1C (API #30-045-35087)
BASIN-DAKOTA GAS POOL,
SAN JUAN COUNTY, NEW MEXICO**

ADMINISTRATIVE APPLICATION

Comes now BURLINGTON RESOURCES OIL & GAS COMPANY LP (“Burlington”) and by and through its attorneys, Kellahin & Kellahin, and pursuant to Division Rule 19.15.15.11.B, applies to the New Mexico Oil Conservation Division (“Division”) for approval of a 299.10 non-standard gas proration and spacing unit to be dedicated to any production from the Dakota Formations of the Basin-Dakota Gas Pool, to be configured as follows: (i) SW/4 of Irregular Section 30 consisting of Lots 14, 15, 16, & 17 and (ii) W/2 of Irregular Section 31 consisting of Lots 7, 8, 9, 10, 15, 16, 17, & 18, T31N, R9W, NMPM, San Juan County New Mexico.

In support, Burlington states:

- (1) Burlington, an affiliated company of ConocoPhillips, is the operator of this 299.10 acre non-standard gas proration and spacing unit (NSP) that is currently approved for the Blanco-Mesaverde Gas Pool by Commission Order R-35. See locator map attached as Exhibit “A”
- (2) Burlington now seeks the approval of this same NSP for production from the Dakota formation in the Basin-Dakota Gas Pool to be dedicated to its Riddle C LS Well 1C (API # 30-045-35087) a directional wellbore to be drilled in Lot 18 of Section 31, T31N R9W. See Division Form C-102 attached as Exhibit “B”
- (3) This proposed NSP unit was made necessary as a result of variations in the legal subdivisions of the United States Public Land Survey. See locator map attached as Exhibit “A”
- (4) The western boundary of Township 31 North Range 9 West is irregular as a result of variations in the legal subdivision of the United States Public Land Surveys

(5) The adjoining spacing units within T31N R9W (see locator map Exhibit "A") have been consolidated such that all acreage is dedicated as follows:

- a. Section 31: E/2, the operator is Burlington Resources with working interest owners in the Mesaverde being Burlington Resources, ConocoPhillips and BP and in the Dakota being Burlington Resources and Four Star. See C-102 for Walker 1B well (API #30-045-34954) attached as Exhibit "C"
- b. Section 30: E/2, the operator is BP with the working interest owners in the Mesaverde being ConocoPhillips and BP. There is no current dedication to Dakota production--those working interest owners are ConocoPhillips and BP. See C-102 for Riddle C Well 2A (API # 30-045-22451) attached as Exhibit "D"
- c. Section 30: NW/4 is operated by BP and consolidated with the W/2 of irregular Section 19 to form a Mesaverde spacing unit. There is no current dedication to Dakota production--those working interest owners are ConocoPhillips and BP. See C-102 for Barrett LS Well 1B (API # 30-045-29773) attached as Exhibit "E"

(6) The establishment of the proposed non-standard gas proration and spacing units will ensure the orderly development of the gas reserves within the Dakota formation.

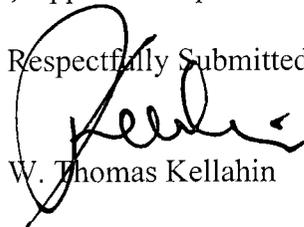

(7) Exhibit "F" is a sample of the notification letter with a copy of the application being sent on September 24, 2010 to:

- a. BP America Production Company
Attn: San Juan Land Manager
PO Box 3092
Houston, TX 77253
- b. Four Star Oil and Gas Company
Attn: Land Department
11111 South Wilcrest
Houston, TX 77099

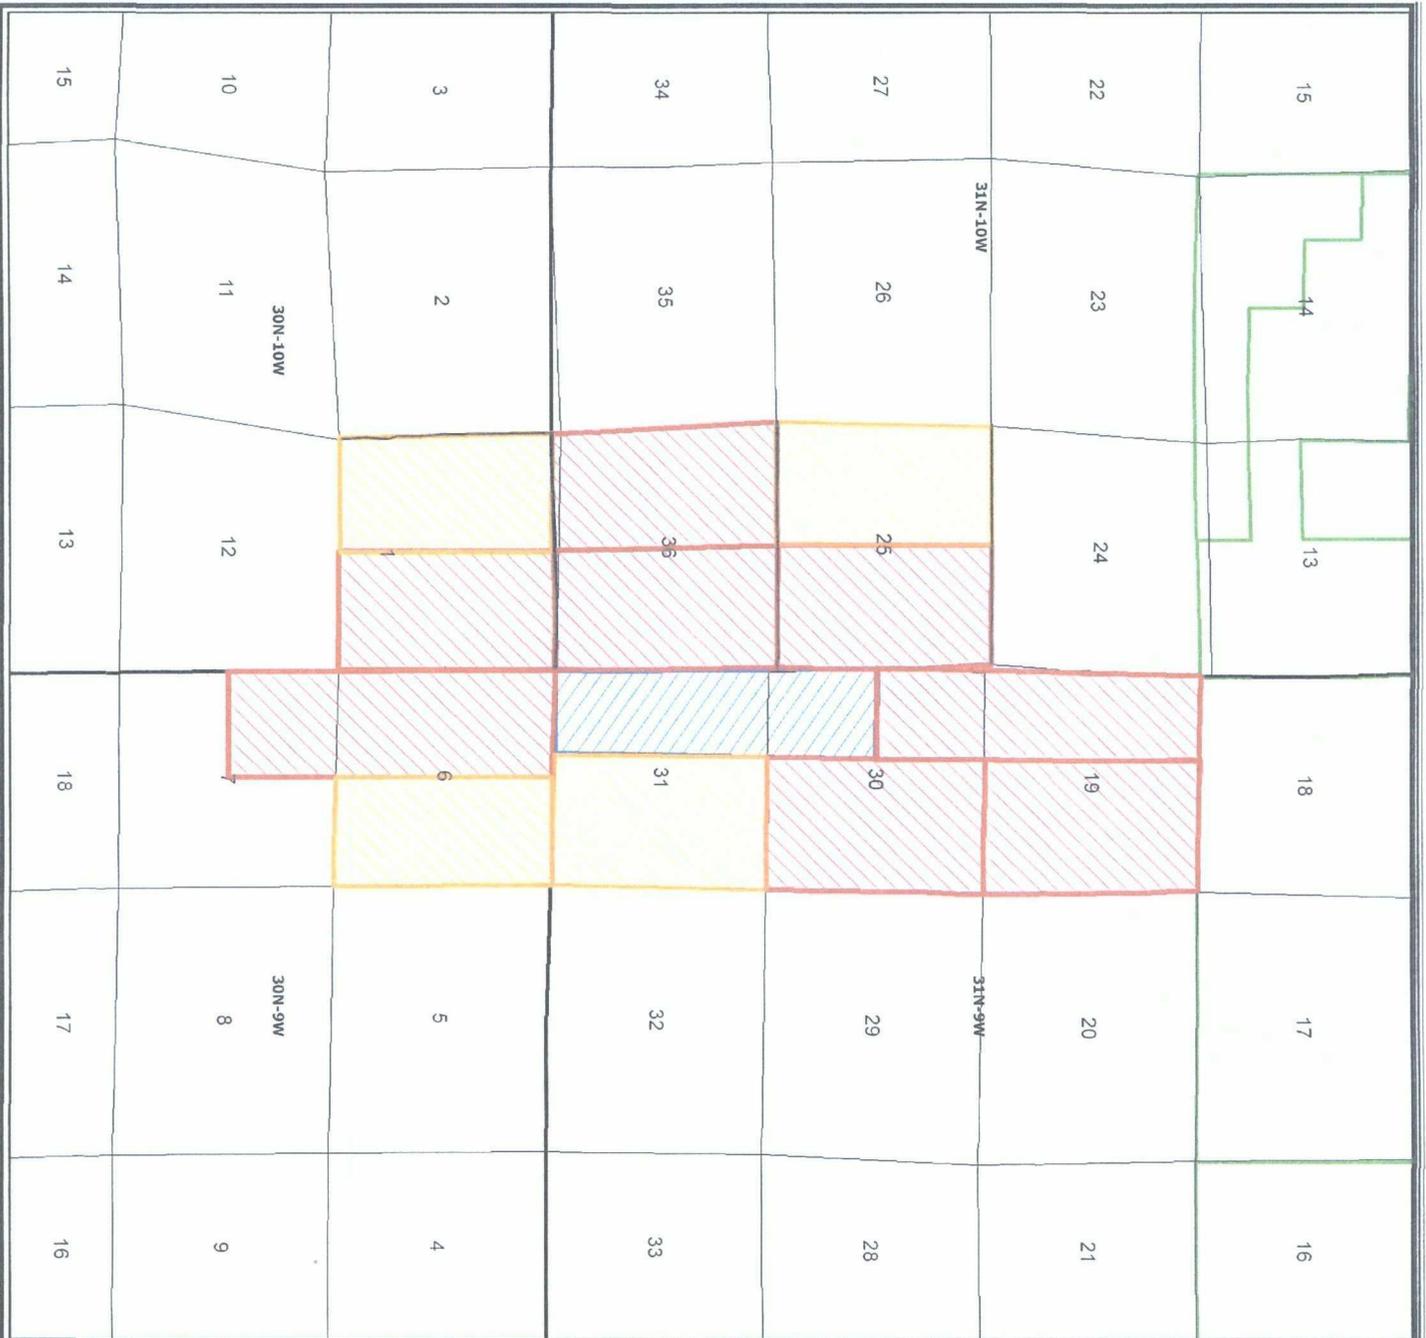

(8) Approval of this application will afford the owners and the applicant the opportunity to produce their just and equitable share of the gas in the Dakota formation, will promote the orderly development in this area, will prevent the economic loss caused by the drilling of unnecessary wells, avoid the augmentation of risk arising from the drilling of an excessive number of wells and will otherwise prevent waste and protect correlative rights.

WHEREFORE, Applicant requests that this application be approve by the Division.

Respectfully Submitted:

W. Thomas Kellahin

Dear Mr. Carley:

Burlington Resources Oil & Gas Company (“Burlington”) has filed an administrative application with the New Mexico Oil Conservation Division (“NMOCD”) requesting approval of a 299.10 acre non-standard gas proration and spacing unit covering the Basin-Dakota gas pool (“NSP”).

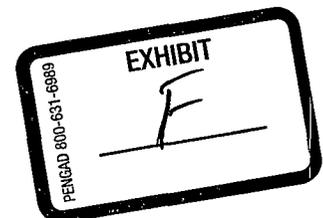

Attached is a copy of the NSP application covering the SW/4 of Section 30, T31N, R9W and the W/2 of Section 31, T31N, R9W, which will be submitted to the NMOCD. If you are so inclined, please sign the attached waiver and return it to my attention either by mail at the address shown above or by fax @ 505-326-9781, and please send a duplicate to the NMOCD.

However, should you have any objection to the Division approving this application, then it will be necessary for you to file a written objection with the New Mexico Oil Conservation Division, 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505 within twenty (20) days of the date of this letter. Failure to file a timely objection will preclude you from objecting at a later date.

If you should have questions concerning this application please feel free to call me at 505-326-9711.

Sincerely,

Jason Lyons
