**Subject:** Way South St. Com. #1 Battery Spill

On 1-2-11 at 2:00pm, the water tank ran over on the Way South St. Com. #1 Battery. A faulty Murphy switch did not allow the transfer pump to turn on when necessary. The contactors were filed on the Murphy switch and the transfer pump was returned to service. 150 bbls of produced water was released into the dike which is lined with 40mm plastic. 149 bbls were recovered. *The gravel will be washed or replaced and the plastic liner will be washed.* GPS coordinates, legal description, and driving directions are listed below.
