Hole in casing during w/o people were injured.

Describe Area Affected and Cleanup Action Taken.*

BLM took lead in cleanup. Area was cleaned up, both on location and in pasture to the north. Awaiting P&A of well.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

RE: Burnett Oil Co.
GJSAU #34
Final Report

Mr. Amos:

Find enclosed photos of final cleanup for the above listed well and location.

Burnett hauled a total of 140 cu. yds. Of contaminated soil to CRI, an OCD approved facility. New caliche and soil was used to replace the excavated areas.

As we discussed by phone, Burnett is going to P & A this well soon. We will seed after location is reclaimed according to BLM requirements.

I appreciate your help in this matter. If you need anything further, please call.

Thanks,

A handwritten signature in black ink, appearing to read "Eddie W. Seay". The signature is fluid and cursive, with a long, sweeping underline.
