NATURE OF RELEASE Type of Release Oil Volume of Release Approx 5 bbls Ø Date and Hour of Occurrence Unknown Was Immediate Notice Given? Yes ☒ No ☐ Not Required By Whom? Mr. Tim Gumm Was a Watercourse Reached? ☐ Yes ☒ No ☐ Not Required If YES, Volume Impacting the Watercourse. Describe Cause of Problem and Remedial Action Taken.* Unknown persons turned a pumping unit on which caused a flowline failure. Approximately 5 bbls of oil was pumped out of the leak. Seely Oil Company proposes to remove and dispose of the affected soil. Describe Area Affected and Cleanup Action Taken.* An area of about 20 feet square around the wellhead and a thin stream about 18" wide by 55' was affected. Thereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other	Unit Letter							East/West Lin	West Line County
