Subject: Soil Closure Approval (1R426-101) - ROC BD H-14 Site

**RE: "Initial Corrective Action Plan (CAP) Report"
for the Rice Operating Company's
BD H-14 Site (1R426-101)
Unit Letter H, Section 14, T22S, R37E, NMPM, Lea County, New Mexico
Soil Closure Approval**

Dear Mr. Conder:

The New Mexico Oil Conservation Division (OCD) has received the Rice Operating Company's (ROC) report of the soil closure of the above-referenced site (dated August 1, 2011). The above-referenced report, submitted in fulfillment of 19.15.29 NMAC (Part 29, formally, Rule 116), indicates that Rice Operating Company (ROC) has partially met the requirements of 19.15.29 NMAC for this site. Therefore, the OCD hereby conditionally approves the soil closure for the BD H-14 Site and no further soil remediation is required for this site.

The BD H-14 Site is still active under Remediation Plan, 1R426-101, and groundwater monitoring (if necessary), groundwater contamination delineation (if necessary), and groundwater remediation must continue at the BD H-14 Site.

Please be advised that OCD partial approval of this report does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.

Subject: Corrective Action Plan (1R426-101) Approval - ROC BD H-14 Site

**RE: Corrective Action Plan for the Rice Operating Company's
BD H-14 Site
Unit Letter H, Section 14, T22S, R37E, NMPM, Lea County, New Mexico
Corrective Action Plan (1R426-101) Approval**

Dear Mr. Conder:

The New Mexico Oil Conservation Division (OCD) has received the Corrective Action Plan for the BD H-14 Site, dated January 17, 2011 (and addendum, dated April 1, 2011) and has conducted a review of the Plan. The Plan indicates that Rice Operating Company (ROC) has met the requirements of 19.15.29 NMAC (Part 29; formerly, Rule 116) for a remediation plan. Therefore, the OCD hereby conditionally approves the Corrective Action Plan as proposed for above-referenced site in accordance with 19.15.29 NMAC:

ROC must submit to the OCD a initial report of the corrective actions within 120 days.

Please be advised that OCD approval of this Plan does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.
