Gentlemen:

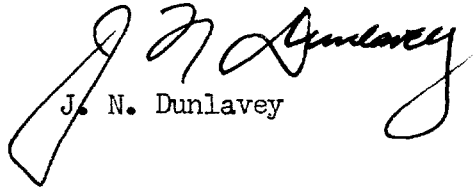

Please find attached two corrected copies of application for an exception to Statewide Rule No. 309, as pertaining to a central tank battery for production from wells in the Lovington Paddock Pool, Lea County, New Mexico.

An error was made in item 5 of the original application as to the location of the Mexico "C" lease. The location of the lease is in SE/4 SE/4 Section 25, T-16-S, R-36-E and not in T-17-S, R-31-E.

Your prompt attention to the above matter will be appreciated.

Yours very truly,

SKELLY OIL COMPANY

Re: IN THE MATTER OF SKELLY OIL
COMPANY SEEKING ADMINISTRATIVE
APPROVAL FOR AN EXCEPTION TO
STATEWIDE RULE NO. 309 AS PER-
TAINING TO A CENTRAL TANK
BATTERY FOR PRODUCTION FROM
WELLS IN THE LOVINGTON PADDOCK
POOL, LEA COUNTY, NEW MEXICO.

Oil Conservation Commission
State of New Mexico
Santa Fe, New Mexico

Gentlemen:

Comes now SKELLY OIL COMPANY, a Delaware Corporation, with offices in Tulsa, Oklahoma and Hobbs, New Mexico, hereby petitioning the Secretary of the New Mexico Oil Conservation Commission for administrative approval for an exception to Statewide Rule No. 309 as pertaining to a central tank battery for production from wells on our State "Q", "R", "T", "Y", and Mexico "C" leases in the Lovington Paddock Pool, Lea County, New Mexico.

In support of this application for administrative approval for an exception to Rule No. 309, we wish to make the following statements:

1. That the petitioner's State "Q" lease is the 80 acre tract confined by the S/2 SE/4 Section 36, Township 16 South, Range 36 East, which has two (2) Lovington Paddock wells: No. 5 & 6.
2. That the petitioner's State "R" lease is the 240 acre tract confined by the NW/4 & E/2 SW/4 Section 36, Township 16 South, Range 36 East, which has 6 Lovington Paddock wells: No. 7, 8, 9, 10, 11, & 12.
3. That the petitioner's State "T" lease is the 80 acre tract confined by the N/2 NE/4 Section 36, Township 16 South, Range 36 East, which has 2 Lovington Paddock wells: No. 3 & 4.
4. That the petitioner's State "Y" lease is the 120 acre tract confined by the S/2 SW/4 and the SW/4 SE/4 Section 25, Township 16 South, Range 36 East, which has 3 Lovington Paddock wells: No. 2, 3, & 4.
5. That the petitioner's Mexico "C" lease is the 40 acre tract confined by the SE/4 SE/4 Section 25, Township 16 South, Range 36 East, which has one Lovington Paddock well: No. 2.
6. That the above tracts are contiguous.
7. That all production is from the same common source of supply, namely, the Lovington Paddock Formation.

8. That no more than sixteen units will be produced into a common tank battery and adequate facilities will be provided for accurately determining production from each well at reasonable interval.
9. That the above two tracts concern but a single royalty owner, namely, the State of New Mexico and are both dedicated to a common beneficiary.
10. That a plat of this general area showing offset ownership, present Lovington Faddock wells, present tank battery and flow lines and proposed flow lines, has been prepared and is accurate and complete to the best of our knowledge.
11. That all offset operators have been notified by registered mail with a copy of this application.
12. That Skelly Oil Company is the sole lease interest owner on the separate leases.

Therefore, so that undue hardship will not be enforced, Skelly Oil Company requests that the Secretary of the Commission administratively grant an exception to Statewide Rule No. 309, by which oil from separate state leases may be produced into a central tank battery.

Yours very truly,

SKELLY OIL COMPANY
