Re: Mexico "J" & "L" Leases  
Dollarhide Queen Pool  
Lea County, New Mexico

Oil Conservation Commission  
State of New Mexico  
Santa Fe, New Mexico

Attention: Mr. A. L. Porter

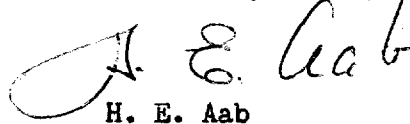

Gentlemen:

Please find attached a request to commingle the Dollarhide Queen oil production from our Mexico "L" Lease with the Dollarhide Queen oil production on our Mexico "J" Lease. Early consideration is requested because a recent fire caused by lightning destroyed our Mexico "L" tank battery. Offset operators have been notified and requested to submit a waiver of an objection.

As stated in the application, three other pools production are commingle across these leases. No objection were made when these applications were submitted and it is therefore believed that none will be submitted on this application.

Your earliest consideration on this matter would be appreciated.

Yours very truly,

  
H. E. Aab

Re: Centralized Tank Battery  
Dollarhide Queen Pool  
Mexico "J" & Mexico "L" Leases  
Lea County, New Mexico

State Land Office  
Santa Fe, New Mexico

Attention: Mr. E. S. Walker

Enclosed is an application of Skelly Oil Company seeking administrative approval to produce oil from two separate leases into one central tank battery. All Dollarhide Queens production from our Mexico "L" Lease is to be commingled with the Dollarhide Queens production on our Mexico "J" Lease. Mexico "J" State Lease number is B-9311 and Mexico "L" State Lease number is B-9312.

Similar approval was obtained to commingle the production from the Dollarhide Fusselman, Dollarhide Devonian and Dollarhide Ellenburger. Each pool has a tank battery, but both leases are commingled.

If the request is approved, please notify the New Mexico Oil Conservation Commission with a copy of the letter. Please notify, if additional information is desired before approval can be granted.

Your consideration in this matter will be appreciated.

Yours very truly,

SKELLY OIL COMPANY

RE: IN THE MATTER OF SKELLY OIL  
COMPANY SEEKING ADMINISTRATIVE  
APPROVAL FOR AN EXCEPTION TO  
STATEWIDE RULE NO. 309 AS PER-  
TAINING TO A CENTRAL TANK  
BATTERY FOR PRODUCTION FROM  
WELLS IN THE DOLLARHIDE  
QUEEN POOL, LEA COUNTY,  
NEW MEXICO.

Oil Conservation Commission  
State of New Mexico  
Santa Fe, New Mexico

Gentlemen:

Comes now SKELLY OIL COMPANY, a Delaware Corporation, with offices in Tulsa, Oklahoma, and Hobbs, New Mexico, hereby petitioning the Secretary of the New Mexico Oil Conservation Commission for administrative approval for an exception to Statewide Rule No. 309 as pertaining to a central tank battery for production from wells on our Mexico "J" and "L" leases in the Dollarhide Queen Pool, Lea County, New Mexico.

In support of this application for administrative approval for an exception to Rule No. 309, we wish to make the following statements:

1. That the petitioner's Mexico "J" lease is the 320 acre tract confined by the S/2 of Section 32, Township 24 South, Range 38 East, which has 8 Dollarhide Queen wells: No. 6, 8, 11, 12, 13, 14, 18, and 22.
2. That the petitioner's Mexico "L" lease is the 320 acre tract confined by the N/2 of Section 5, Township 25 South, Range 38 East, which has 8 Dollarhide Queen wells: No. 5, 6, 7, 8, 9, 10, 12, and 13.
3. That the above tracts are contiguous.
4. That all the production is from the same common source of supply, namely, the Dollarhide Queen Formation.
5. That no more than sixteen units will be produced into a common tank battery and adequate facilities will be provided for accurately determining production from each well at reasonable intervals.
6. That the above two tracts concern but a single royalty owner, namely, the State of New Mexico, and are both dedicated to a common beneficiary.

New Mexico Oil Conservation Commission  
Santa Fe, New Mexico

(2)

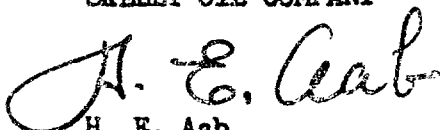

July 13, 1961

7. That a plat of this general area showing offset ownership, present Dollarhide Queen wells, present tank battery and flow lines and proposed flow lines, has been prepared and is accurate and complete to the best of our knowledge.
8. That all offset operators have been notified by Registered Mail with a copy of this application.
9. That all lease interest owners have consented in writing to the commingling of production from the separate leases.

Therefore, so that undue hardship will not be enforced, Skelly Oil Company requests that the Secretary of the Commission administratively grant an exception to Statewide Rule No. 309, by which oil from separate state leases may be produced into a central tank battery.

Very truly yours,

SKELLY OIL COMPANY
