Attention: Mr. A. L. Porter, Jr.

Central Tank Battery, Santa Fe
Pacific Leases, Crossroads
Devonian Field, Lea County,
New Mexico

Dear Sir:

Application is herewith submitted for permission to install a central tank battery on Socony Mobil Oil Company's Santa Fe Pacific Leases in the Crossroads Devonian Field located in Sections 22, 23, 26 and 35, T-36E, R-9S, Lea County, New Mexico.

Production is currently being processed from eight wells on our Santa Fe Pacific "B," "C," "D," "E" and "G" leases, all of which are under common working interest and royalty and under lease number NM-1223. Current daily production amounts to 1650 barrels of oil, which Magnolia Pipe Line Company is accepting at each quarter section, or from a total of five batteries.

Ultimate plans are to install a crude oil automatic custody transfer unit at this central battery, the specifications of which have been accepted by the Magnolia Pipe Line Company. Approval of the LACT consolidation has also been indicated by Mr. J. D. Ramey, Supervisor of District 1, New Mexico Oil Conservation Commission, pending your issuance of a central tank battery order.

Enclosed please find a map showing the leases included and the proposed central battery location and a drawing illustrating the battery design.

Yours very truly,

Glen W. Barb
Producing Superintendent
