RE: Application to add wells to PLC – 108

Gentlemen:

Conoco has two wells to add to the above mentioned PLC which was originally submitted by Merit Energy Company. Conoco purchased these leases from Merit on October 1, 1995. Interest in all of the subject wells is identical, including working, net revenue and over riding royalty interests.

The following items are submitted in support of this application:

1. Exhibit A is a list of the wells already included on the PLC and a list of wells to be added.
2. Exhibit B is plat of the affected leases with the subject wells identified.
3. Exhibit C is list of gas volumes and BTU content.
4. Exhibit D is a schematic of the Central Facility along with plats showing the location of the facility.
5. Working interest, royalty interest and ORRI are identical for all producing horizons.

If you have any questions or require any further information please feel free to contact me (281) 293-1613.

Sincerely,
