Dear Mr. Swierc:

We have received your letter of May 10, 2000, wherein you requested our approval to surface commingle the production from the above wells.

We understand that production from the subject wells will be commingled at the Central Tank Battery located in the NE/4NE/4 of Section 20-17S-29E.

Since it appears that there will be no loss of revenue to the State of New Mexico's beneficiaries as a result of your proposed operation, your request is hereby approved. Our approval is given with the understanding that the Commissioner of Public Lands reserves the right to amend or withdraw his approval, should this operation prove to be unprofitable to the state at any time in the future. Also, our approval is subject to like approval by the New Mexico Oil Conservation Division.

Please submit your \$30.00 filing fee.

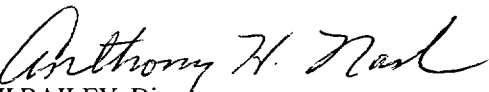

Please contact Debbie Padilla of the Surface Division at (505) 827-5729 regarding a right-of-way through the N/2NE/4 of Section 20-17S-29E.
